

INFORMATION REGULATOR (SOUTH AFRICA)  
POPIA READINESS STAKEHOLDER ENGAGEMENT ZOOM WEBINAR  
June 15, 2021 at 10:00 AM

---

WEBVTT

1

00:00:03.090 --> 00:00:03.689

Mndeni Ndwandwe: GCIS: To start.

2

00:00:06.629 --> 00:00:07.770

Pansy Tlakula: talking now you'll tell me.

3

00:00:10.200 --> 00:00:10.830

Mndeni Ndwandwe: GCIS: As we speak.

4

00:01:28.530 --> 00:01:29.460

Mndeni Ndwandwe: GCIS: So we've got about.

5

00:01:30.510 --> 00:01:35.490

Mndeni Ndwandwe: GCIS: 10 people that have logged in i'm handling everything over to me.

6

00:01:42.420 --> 00:01:54.090

Pansy Tlakula: hey good morning i'd like to take this opportunity to welcome all the participants to this webinar we are quite pleased that.

7

00:01:56.310 --> 00:02:09.090

Pansy Tlakula: We have a lot of people showing interest in participating in this webinar I am with my colleagues, I will introduce them a some of them will be speaking.

8

00:02:10.110 --> 00:02:21.690

Pansy Tlakula: I have advocates Colin weapons, who is a full time Member responsible for Pope here, then we have a professor's says with snail a peptide Member.

9

00:02:22.320 --> 00:02:38.010

Pansy Tlakula: And then miss allison tilly another pattern Member and also accompanied on this webinar by two executives miss the intimacy and Miss LACE allow.

10

00:02:38.790 --> 00:02:59.640

Pansy Tlakula: And we also have miss knobs Amazon to who is our communications person and with those few words i'd like to welcome all of you, and to say you

know there's an English expression that says that a journey of 1000 miles begins with a single step.

11

00:03:01.140 --> 00:03:11.850

Pansy Tlakula: That step that signal steps that it on the first of December in 2016 when they five members of the regulator took office.

12

00:03:12.510 --> 00:03:21.900

Pansy Tlakula: In that time, as I normally would like to remember to remind all South Africans that at that time there was no information regulator, there was nothing.

13

00:03:22.530 --> 00:03:36.360

Pansy Tlakula: When we met for the first time at the Department of Justice in a part of all that we had was a the copies of the protection of personal information act and we had to work out.

14

00:03:36.960 --> 00:03:51.120

Pansy Tlakula: What kind of organization, we want to build and it was clear at that time in our minds that ours is a human rights mandates, because the right to privacy.

15

00:03:51.900 --> 00:04:06.450

Pansy Tlakula: And the right to have access to information and the rights that are entrenched in our Constitution, and we are now 15 days left before the first of July 2021.

16

00:04:07.020 --> 00:04:21.090

Pansy Tlakula: Which is the date on which the enforcement powers of the information regulator will come into effects we have done a lot of things in preparation for that day, we have.

17

00:04:22.320 --> 00:04:35.460

Pansy Tlakula: A release a number of guidance notes and a guideline to try and assist responsible parties to comply with us complex piece of legislation.

18

00:04:36.120 --> 00:04:46.680

Pansy Tlakula: And as we prepare for the first of July and post first of July, I think all of us have to be mindful of the fact that we, we are all of us.

19

00:04:47.100 --> 00:04:56.820

Pansy Tlakula: We, as the regulator and the South Africans we are creating history in the sense that, for the first time, the right to privacy, as it relates.

20

00:04:57.360 --> 00:05:08.670

Pansy Tlakula: To the protection of personal information which right is very closely linked to the right to human dignity, will become a reality for the first time in our country.

21

00:05:09.300 --> 00:05:22.170

Pansy Tlakula: and also to say that will be taking over the responsibility of regulating Paya from the South African Human Rights Commission on the 30th of June per se.

22

00:05:22.590 --> 00:05:33.390

Pansy Tlakula: And we, we should always bear that in mind, because of that also signifies a change in the way in which the right of access to information has been.

23

00:05:33.840 --> 00:05:49.860

Pansy Tlakula: enforced in this country for the past 19 years there were no consequences for non compliance but post the 30th of June 2021 there will be a consequences for non compliance with a puppy.

24

00:05:51.330 --> 00:06:01.110

Pansy Tlakula: This new journey is going to be bumpy it's not going to be smooth we have come up with a number of guidelines, as I said, and guidance notes.

25

00:06:01.740 --> 00:06:09.600

Pansy Tlakula: And in the implementation and application of these guidance notes that we have produced, we find that a.

26

00:06:10.050 --> 00:06:23.910

Pansy Tlakula: There are some and intended issues with which we are coming up or which were realizing so we'll have to all of us to enhance to smoothen this bumpy road to ensure that as we move forward.

27

00:06:24.510 --> 00:06:36.720

Pansy Tlakula: It is smooth and so that we're able to all give effect to our constitutional mandate with those few words i'm going to hand over to advocates.

28

00:06:37.140 --> 00:06:47.580

Pansy Tlakula: Weapons who's going to take us through the his presentation or on puppy at the halftime is till you will then do a presentation on pioneer.

29

00:06:47.940 --> 00:07:05.850

Pansy Tlakula: That will be followed by a Q amp a I will not come back to the podium i'm just going to ask them to follow each other in the in the order that I have mentioned, with those few words, once again, thank you very much, we are really grateful for your participation, this morning, think of image.

30

00:07:07.770 --> 00:07:08.910

Pansy Tlakula: advocate weapons.

31

00:07:10.590 --> 00:07:16.740

Adv Collen Weapond Member of the Information Regul: Thank you share Thank you so much for the opportunity.

32

00:07:18.180 --> 00:07:19.620

Adv Collen Weapond Member of the Information Regul: chair safe to say that.

33

00:07:22.350 --> 00:07:29.790

Adv Collen Weapond Member of the Information Regul: i'd like to create the chairperson of the information regulator, the members of the information regulator all executive isn't.

34

00:07:30.930 --> 00:07:49.770

Adv Collen Weapond Member of the Information Regul: panelists as well as the serpent's who've actually joined the regulator and shooting this webinar I am going to start my presentation it's quite a lengthy presentation, but I promise to come in at them 45 minutes.

35

00:07:52.050 --> 00:08:10.710

Adv Collen Weapond Member of the Information Regul: Yes, so taking one person left the information regulator is a touristy person and it's defined in terms of Section 39 and is a touristy person we are then deemed as well as to be a.

36

00:08:11.760 --> 00:08:19.980

Adv Collen Weapond Member of the Information Regul: feature Institute and what is very important is to note that the information regulated is is an independent.

37

00:08:21.810 --> 00:08:28.470

Adv Collen Weapond Member of the Information Regul: Independent and only subject to the Constitution, what is very important about this specific.

38

00:08:29.640 --> 00:08:41.520

Adv Collen Weapond Member of the Information Regul: statement, as well as section in the equity basically confirms the independence of the regulator is, we all know that the regulated terms of Section 39.

39

00:08:42.660 --> 00:08:43.650

Adv Collen Weapond Member of the Information Regul: Reports to.

40

00:08:45.090 --> 00:08:53.430

Adv Collen Weapond Member of the Information Regul: Parliament and what is also very important will be shared about it is also to safeguard and guarantee that you can serve the information regulator.

41

00:08:55.230 --> 00:09:02.370

Adv Collen Weapond Member of the Information Regul: What is very important is that we execute a dual mandate and the dual mandate that we are responsible for.

42

00:09:03.390 --> 00:09:18.750

Adv Collen Weapond Member of the Information Regul: Is is actually confirmed is a constitutional mandate as well, in terms of Section 14 and the privacy in section, that is true promotion have access to information, and hence the two X popular.

43

00:09:19.950 --> 00:09:25.530

Adv Collen Weapond Member of the Information Regul: Section 14 which we first privacy, we only cover.

44

00:09:26.850 --> 00:09:36.330

Adv Collen Weapond Member of the Information Regul: privacy as it relates to the processing of personal information and then promotion of access to information, which is also then.

45

00:09:37.560 --> 00:09:42.750

Adv Collen Weapond Member of the Information Regul: Regular regulated by legislation, particularly the promotion of access to information.

46

00:09:43.800 --> 00:09:47.820

Adv Collen Weapond Member of the Information Regul: What is also very important to understand and appreciate, is the fact that.

47

00:09:49.740 --> 00:09:50.700

Adv Collen Weapond Member of the Information Regul: We are.

48

00:09:51.780 --> 00:09:56.340

Adv Collen Weapond Member of the Information Regul: Five Members in these five Members consist of the Chairperson.

49

00:09:57.600 --> 00:10:06.990

Adv Collen Weapond Member of the Information Regul: To full time members advocates the woman weapon, as well as to party members, Professor snail come to say, as well as allison me.

50

00:10:08.310 --> 00:10:19.560

Adv Collen Weapond Member of the Information Regul: Just to correct them one less here we are accountable to the National Assembly element consists of two houses, which is the National Council of provinces, as well as the national sales.

51

00:10:20.130 --> 00:10:31.860

Adv Collen Weapond Member of the Information Regul: So we for all purposes, whether to the portfolio Committee on Justice and correctional services, what is also important to appreciate.

52

00:10:32.430 --> 00:10:50.280

Adv Collen Weapond Member of the Information Regul: Is that as a chairperson said, the five Members took office on the first of December and it's been a journey of five years, safe to say that there are about five months left of the journey before the term of the Members come in.

53

00:10:51.510 --> 00:10:54.210

Adv Collen Weapond Member of the Information Regul: i'm just going to go straight to the definition section now.

54

00:10:55.290 --> 00:10:58.140

Adv Collen Weapond Member of the Information Regul: data subject is defined as.

55

00:11:00.690 --> 00:11:19.140

Adv Collen Weapond Member of the Information Regul: A person to whom personal information relates what is very important, about the data subject in some legislation is referred to the Center because what we are purpose to do is to protect the personal information or data subjects from a PR perspective.

56

00:11:20.280 --> 00:11:29.820

Adv Collen Weapond Member of the Information Regul: personal information and i'm not going to go into the long definition, but safe to say consist of, or is defined this information that relates to.

57

00:11:30.180 --> 00:11:53.130

Adv Collen Weapond Member of the Information Regul: Any identifiable loving human being in bed identifiable loving human being and it's also his certain personal information and some of it would be would relate to these colors sexual orientation, a physical or mental health in cetera.

58

00:11:54.630 --> 00:11:58.350

Adv Collen Weapond Member of the Information Regul: Pilot body is also a touristy person.

59

00:11:59.400 --> 00:12:19.830

Adv Collen Weapond Member of the Information Regul: And also, who carries on to a business or a profession, processing and processing processing Scott quite a long definition, but safe to say that the processing for all intents and purposes, he consists of any information that he saw.

60

00:12:21.210 --> 00:12:21.810

Adv Collen Weapond Member of the Information Regul: paid.

61

00:12:22.860 --> 00:12:23.730

Adv Collen Weapond Member of the Information Regul: retrieve.

62

00:12:24.780 --> 00:12:25.260

Adv Collen Weapond Member of the Information Regul: Change.

63

00:12:27.240 --> 00:12:28.320

Adv Collen Weapond Member of the Information Regul: In then of.

64

00:12:29.580 --> 00:12:36.000

Adv Collen Weapond Member of the Information Regul: confirms the impact of processing it's quite involved.

65

00:12:37.410 --> 00:12:54.120

Adv Collen Weapond Member of the Information Regul: And then clinics, we are going to go over to the mandate of the information regulator, and so the mandate of the information regulating the main is derived from section 40 of apia in the mandate of the informational innovator, in the main, relates to.

66

00:12:54.210 --> 00:12:57.660

Adv Collen Weapond Member of the Information Regul: US providing education when it enforcement and.

67

00:12:57.660 --> 00:13:10.860

Adv Collen Weapond Member of the Information Regul: Compliance consult with the interested parties in handle complaints also conduct research and report to Parliament issue in a Min or default codes of conduct.

68

00:13:11.370 --> 00:13:24.090

Adv Collen Weapond Member of the Information Regul: Codes of conduct is

actually covered under Section 60 section 69 of the of the of popular in what is also very important to appreciate is.

69

00:13:25.020 --> 00:13:35.040

Adv Collen Weapond Member of the Information Regul: As the facilitating cross border corporation, which is in the main, covered by section 72 of you, what is the purpose of popular.

70

00:13:35.850 --> 00:13:50.880

Adv Collen Weapond Member of the Information Regul: The purpose of popular in the main, is to give effect to the constitutional right to privacy as i've mentioned only as far as it relates to the processing of personal information is you understand and know is the.

71

00:13:50.910 --> 00:14:09.360

Pansy Tlakula: aggregate aggregate weapon i'm sorry to interrupt you, we are just saying we can see your face we see your chest, can you kindly adjust your mind, please connect with us, we don't see your face at all now it's gone.

72

00:14:09.960 --> 00:14:10.620

yo.

73

00:14:13.440 --> 00:14:14.370

Pansy Tlakula: Thank you very much.

74

00:14:14.910 --> 00:14:17.220

Adv Collen Weapond Member of the Information Regul: Oh sorry for that in such.

75

00:14:18.210 --> 00:14:20.340

Adv Collen Weapond Member of the Information Regul: A thing with the future.

76

00:14:21.960 --> 00:14:24.060

Adv Collen Weapond Member of the Information Regul: Yes, that we just continue.

77

00:14:24.690 --> 00:14:25.350

Adv Collen Weapond Member of the Information Regul: Sorry for that.

78

00:14:26.850 --> 00:14:27.270

Adv Collen Weapond Member of the Information Regul: I said.

79

00:14:33.720 --> 00:14:47.880

Adv Collen Weapond Member of the Information Regul: Yes, yeah so I was just dealing with the purpose of pop yeah so the purpose of popular is to give

effect to the constitutional right to privacy, as far as it relates to the processing of personal information.

80

00:14:48.900 --> 00:15:07.500

Adv Collen Weapond Member of the Information Regul: It also deals with safeguarding of personal information when process by a responsible party subject to justifiable limitations, as we can see, and will also be referred to in the eight conditions falafel processing of personal information.

81

00:15:08.550 --> 00:15:15.990

Adv Collen Weapond Member of the Information Regul: But in the main, also we're looking at the balancing the right to privacy against any other right, particularly the right access to information.

82

00:15:16.890 --> 00:15:40.500

Adv Collen Weapond Member of the Information Regul: Because it's very important person sometimes it's referred to the opposite of the same coin and poppy and by, so we need to balance those two rights to ensure that there's no when it comes to other but actually ensure you can set circumstance in SF among.

83

00:15:41.640 --> 00:15:48.750

Adv Collen Weapond Member of the Information Regul: their right to privacy in the right to access to information is actually balanced.

84

00:15:50.880 --> 00:15:52.290

Adv Collen Weapond Member of the Information Regul: The application of phobia.

85

00:15:53.340 --> 00:15:59.940

Adv Collen Weapond Member of the Information Regul: Probably applies to the processing of personal information enter in a record or by a responsible party.

86

00:16:00.360 --> 00:16:19.320

Adv Collen Weapond Member of the Information Regul: But, making use of automated or non automated means so that would be one of the ways we're probably applies popular takes precedence over other laws that relates to processing or personal information and that in itself provides us with.

87

00:16:20.430 --> 00:16:27.480

Adv Collen Weapond Member of the Information Regul: A very good position to say that popular as far as it relates to protection of estimation.

88

00:16:28.530 --> 00:16:29.820

Adv Collen Weapond Member of the Information Regul: is considered.

89

00:16:31.290 --> 00:16:35.520

Adv Collen Weapond Member of the Information Regul: The would apply in in in in those.

90

00:16:37.050 --> 00:16:54.000

Adv Collen Weapond Member of the Information Regul: Implementation people yeah, we all know that puppy, I suppose, will be on the first July or responsible parties are reading itself for it to see them again the main in the readiness, that we are referred.

91

00:16:56.280 --> 00:16:58.980

Adv Collen Weapond Member of the Information Regul: To ensure that one's for part is.

92

00:17:00.180 --> 00:17:10.800

Adv Collen Weapond Member of the Information Regul: Really themselves to comply with the provisions of popular in fire but it's on the one hand, one day he's also very important to understand in the.

93

00:17:13.080 --> 00:17:17.700

Adv Collen Weapond Member of the Information Regul: Information regulate the issue is the person must also comply will be just.

94

00:17:19.320 --> 00:17:32.940

Adv Collen Weapond Member of the Information Regul: Like any other sponsor party, because we are trusting person, and that in itself is very important and safe to say it is taken a lot of steps to actually ensure.

95

00:17:34.020 --> 00:17:50.160

Adv Collen Weapond Member of the Information Regul: That we are ready responsible parties to comply with the provisions of apia and that in itself is is confirmed by the type of actions that are regulated States actually put in place.

96

00:17:51.240 --> 00:17:56.160

Adv Collen Weapond Member of the Information Regul: safe to say that the function of fire which must tell you will speak to.

97

00:17:57.210 --> 00:18:09.840

Adv Collen Weapond Member of the Information Regul: is located in the South African human rights and significant human rights will also ensure become the 30th of June consultation with a regulator and those.

98

00:18:11.070 --> 00:18:11.580

Adv Collen Weapond Member of the Information Regul: Are.

99

00:18:13.140 --> 00:18:23.190

Adv Collen Weapond Member of the Information Regul: transferred to the information regulate that, in line with they move, it must be bad corporation as well is.

100

00:18:24.240 --> 00:18:25.920

Adv Collen Weapond Member of the Information Regul: A project in which we implement.

101

00:18:27.570 --> 00:18:35.220

Adv Collen Weapond Member of the Information Regul: To ensure a smooth transfer in terms of Section one one for for what is also very important for us to appreciate.

102

00:18:36.210 --> 00:18:57.030

Adv Collen Weapond Member of the Information Regul: Is the good work there are significant human rights if done for the past 19 years or so, but also safe to say that there will be compliance requirements that responsible parties will lead to a year to and so as to ensure a bit non compliance consequences.

103

00:18:58.320 --> 00:18:59.730

Adv Collen Weapond Member of the Information Regul: Are not you know.

104

00:19:01.020 --> 00:19:12.000

Adv Collen Weapond Member of the Information Regul: dish out, if I can use it with what is also very important for us to appreciate, is that, on the first of July 758 to have poppier.

105

00:19:13.200 --> 00:19:15.210

Adv Collen Weapond Member of the Information Regul: is to become applicable.

106

00:19:16.230 --> 00:19:27.570

Adv Collen Weapond Member of the Information Regul: To the processing of personal information referred to in Section seven that a global issue cost issue a notice without to.

107

00:19:28.920 --> 00:19:41.160

Adv Collen Weapond Member of the Information Regul: authorization and itself will then provide for a clear direction as to how this should proceed with regards to.

108

00:19:42.450 --> 00:19:43.260

Mndeni Ndwandwe: Education.

109

00:19:44.850 --> 00:19:45.390

Mndeni Ndwandwe: advocate.

110

00:19:45.480 --> 00:19:52.950

Mndeni Ndwandwe: And, can you please just questions in the chat your voice is moving too fast and the slides are not moving at all.

111

00:19:54.210 --> 00:19:54.780

Adv Collen Weapond Member of the Information Regul: I think i'm not the.

112

00:19:55.380 --> 00:19:55.650

same.

113

00:19:57.480 --> 00:19:58.590

Mndeni Ndwandwe: yeah so you sneaking.

114

00:19:59.610 --> 00:20:02.490

Mndeni Ndwandwe: In so we don't even know where you are what you're talking about now.

115

00:20:02.490 --> 00:20:03.300

Adv Collen Weapond Member of the Information Regul: whoa whoa.

116

00:20:05.160 --> 00:20:09.270

Adv Collen Weapond Member of the Information Regul: Okay, let me just dive into and currently on slide 15.

117

00:20:10.470 --> 00:20:42.540

Adv Collen Weapond Member of the Information Regul: Can you just go to slide 15 yes yeah product sorry for the other colleges yeah so when we look at slide 15 we refer to regulations that have been made by section one one to two, so these regulations in effect.

118

00:20:43.770 --> 00:20:56.910

Adv Collen Weapond Member of the Information Regul: Actually, have been have been provided, and we have also provided for different dates for instance Regulation five will become applicable for the issuing of codes of conduct.

119

00:20:57.360 --> 00:21:15.750

Adv Collen Weapond Member of the Information Regul: On the first of all, has become a people on the first of much and alternative regulation for which relates to response responsibilities of information officers they've come into

effect on the first of May 2021 and we also know that is a concern that it was all to shoot.

120

00:21:18.090 --> 00:21:18.600

Adv Collen Weapond Member of the Information Regul: These.

121

00:21:19.980 --> 00:21:20.040

Adv Collen Weapond Member of the Information Regul: Have.

122

00:21:22.350 --> 00:21:32.520

Adv Collen Weapond Member of the Information Regul: For this specific magically for in this very good in the meeting better guidance now on information officers in depth information officers.

123

00:21:33.210 --> 00:21:44.250

Adv Collen Weapond Member of the Information Regul: And this specific guidance know provides a basis and also direction as to how and in what is required within that to.

124

00:21:44.700 --> 00:21:55.170

Adv Collen Weapond Member of the Information Regul: Information officers and typically information officers concerning Regulation five, we have also issued the guidance of, we have also issued guidelines.

125

00:21:56.040 --> 00:22:09.330

Adv Collen Weapond Member of the Information Regul: On the development of codes of conduct in terms of Section 41 F Roman figure too in depth in itself provides for us a basis on which codes of conduct should be developed.

126

00:22:10.410 --> 00:22:29.100

Adv Collen Weapond Member of the Information Regul: slide 16 please on slide 16 we have the different role players so i've mentioned that the data subject for the Center of the processing of personal information in the main the seeks to protect the rights of data subjects.

127

00:22:30.210 --> 00:22:31.560

Adv Collen Weapond Member of the Information Regul: responsible parties.

128

00:22:32.610 --> 00:22:45.210

Adv Collen Weapond Member of the Information Regul: Parties are public or private parties who either alone or in conjunction with others process personal information and also determine the means for the processing of personal information.

129

00:22:45.780 --> 00:23:03.480

Adv Collen Weapond Member of the Information Regul: What is also very important is the definition on an operator then operator, basically, is considered in in in plain language as a service provider, either in terms of a contract or a mandate from a responsible party and that mandate is then also.

130

00:23:04.590 --> 00:23:22.710

Adv Collen Weapond Member of the Information Regul: enforced through a conflict of some sort and then provides for a clear definition on an operator an operator operates on behalf of a responsible party, a competent person, a competent person in our law is considered anyone who's over the age of 18.

131

00:23:25.980 --> 00:23:26.160

Adv Collen Weapond Member of the Information Regul: Is.

132

00:23:26.400 --> 00:23:28.800

Adv Collen Weapond Member of the Information Regul: also considered to be one single part.

133

00:23:30.420 --> 00:23:32.850

Adv Collen Weapond Member of the Information Regul: Three is also considered to be a data subject.

134

00:23:34.020 --> 00:23:37.200

Adv Collen Weapond Member of the Information Regul: We bow to the eight conditions for lawful processing.

135

00:23:38.250 --> 00:23:56.610

Adv Collen Weapond Member of the Information Regul: In the main we've got eight conditions, the first condition to like sort of ability, the second is a processing limitations, the third is purpose perspective, the fourth is further processing patient, as well as the which is.

136

00:23:58.260 --> 00:23:58.440

Adv Collen Weapond Member of the Information Regul: The.

137

00:23:59.790 --> 00:24:00.600

Adv Collen Weapond Member of the Information Regul: limitation.

138

00:24:02.160 --> 00:24:24.210

Adv Collen Weapond Member of the Information Regul: Sorry, information, quality and the sixth openness seven safe safe that's a big subject so patient with regards to account accountability in the main, refers to the responsible parties and marketing for compliance with the conditions for lawful process.

139

00:24:25.110 --> 00:24:27.060

Adv Collen Weapond Member of the Information Regul: What we go to cinema take.

140

00:24:28.230 --> 00:24:30.600

Adv Collen Weapond Member of the Information Regul: The idea that.

141

00:24:32.010 --> 00:24:45.630

Adv Collen Weapond Member of the Information Regul: Any processing activity that is being undertaken must only be done as far as it was, it was requested or and then in basis also involve.

142

00:24:47.100 --> 00:24:55.200

Adv Collen Weapond Member of the Information Regul: Principles and issues of when American constantly justification in what is also very important to note is that.

143

00:24:56.610 --> 00:25:17.250

Adv Collen Weapond Member of the Information Regul: It is required in terms of processing limitations to only process that type of information that is relevant to the activity that you undertake the purpose specification and the purpose of education, we also find that you must also, it is a quieter than information must only be.

144

00:25:17.280 --> 00:25:29.550

Adv Collen Weapond Member of the Information Regul: process for a specific purpose, and it must not then also go over and above that specific purpose, but also in the main, relates to and how report should be retained.

145

00:25:30.000 --> 00:25:51.060

Adv Collen Weapond Member of the Information Regul: and also how record should be disposed of, even when the purpose for which the information was collected has been achieved what is also very important is the issues of exemptions and also how we deal with such an extension to the main in terms of Section 14 would refer to.

146

00:25:52.290 --> 00:25:53.700

Adv Collen Weapond Member of the Information Regul: What we would call.

147

00:25:55.500 --> 00:26:01.170

Adv Collen Weapond Member of the Information Regul: The three crowns which involves statistical research, as well as.

148

00:26:03.930 --> 00:26:15.450

Adv Collen Weapond Member of the Information Regul: statistical purposes,

which, in some instances are exempted, we also then note that it's very important for us when the purpose for which the information was.

149

00:26:15.960 --> 00:26:28.650

Adv Collen Weapond Member of the Information Regul: obtained in gnosis has been achieved, that we will then go into a disposable disposal process and it can be done under the 3D principle which is delete the identified or destroyed.

150

00:26:29.100 --> 00:26:48.360

Adv Collen Weapond Member of the Information Regul: in depth in itself also be contained in your records management policy in your disposal processes in line, whether time frames in the categories they've been allocated and for for such for the processing refers to the fact that.

151

00:26:49.380 --> 00:26:52.560

Adv Collen Weapond Member of the Information Regul: For further processing can happen, but it should be.

152

00:26:54.000 --> 00:27:05.790

Adv Collen Weapond Member of the Information Regul: In line in compatible with the original purpose for which information was acquired what is also very important to understand and appreciative of further processing is the fact that.

153

00:27:06.810 --> 00:27:17.340

Adv Collen Weapond Member of the Information Regul: The further processing mask if it's not compatible with original purpose for which information was a pain and then consent would then be required for such.

154

00:27:17.970 --> 00:27:30.210

Adv Collen Weapond Member of the Information Regul: For such a further processing this information quality relates to an accurate and complete set of information that that must be kept on record, and that is not misleading.

155

00:27:31.080 --> 00:27:40.200

Adv Collen Weapond Member of the Information Regul: If in when the information that is on set is incomplete or enter the data subject and reserves, if I also.

156

00:27:40.830 --> 00:27:49.380

Adv Collen Weapond Member of the Information Regul: You know request to correct his or her personal information that is on paper, and that is kept by a specific responsible party.

157

00:27:50.070 --> 00:28:01.590

Adv Collen Weapond Member of the Information Regul: openness in the main,

relates to a responsible party in his or her right maintain records and also the fact that the notification beta subjects.

158

00:28:02.130 --> 00:28:22.350

Adv Collen Weapond Member of the Information Regul: must be saying when such information is collected security safeguards relate to any Stan in terms of Section nine section 19 in the main, refers to two instances or two colors if I can use that word, the first pillar relates to organizational.

159

00:28:23.610 --> 00:28:32.100

Adv Collen Weapond Member of the Information Regul: organizational requirements organizational requirements is basically referred to as your policies processes and procedures that you need.

160

00:28:32.520 --> 00:28:45.900

Adv Collen Weapond Member of the Information Regul: In place in reading yourself for coming for for the first of July and the second part relate to, and what a what we would call the technical requirements technical requirements in the mail.

161

00:28:46.380 --> 00:28:59.910

Adv Collen Weapond Member of the Information Regul: That relate to your pitches lice Microsoft licensing and also other requirements from a specific industry, depending on which industry you belong to it, you need to.

162

00:29:00.330 --> 00:29:10.260

Adv Collen Weapond Member of the Information Regul: comply with, as well as your ISO standards, etc, and that in itself would then ensure there's a reasonable safeguards in place.

163

00:29:11.340 --> 00:29:15.120

Adv Collen Weapond Member of the Information Regul: What is also very important to appreciate, is that the information regulator will.

164

00:29:16.410 --> 00:29:35.850

Adv Collen Weapond Member of the Information Regul: release a guidance note on the meeting and interpretation of appropriate in reasonable safeguards, is to provide more direction and understanding of what appropriate and reasonable safe that's.

165

00:29:37.410 --> 00:29:59.430

Adv Collen Weapond Member of the Information Regul: actually entails data subject, which is a patient data subject to sufficient, in the main, refers to correction in division of inaccurate and irrelevant or updated information that has been kept and also domain, have access to information and by a subject.

166

00:30:01.980 --> 00:30:06.360

Adv Collen Weapond Member of the Information Regul: Next slide which is like a new one, we can go to slide 22.

167

00:30:07.620 --> 00:30:21.060

Adv Collen Weapond Member of the Information Regul: In terms of slide 22 i've just refer to the adequate safeguards that needs to be put in place, but what is really important to appreciate about the adequate safeguards in in case of a data breach.

168

00:30:22.200 --> 00:30:31.530

Adv Collen Weapond Member of the Information Regul: You as a responsible party will have to also look at them, that would cause for that data breach, and if.

169

00:30:32.700 --> 00:30:42.180

Adv Collen Weapond Member of the Information Regul: They got breaches, as a result of an internal compromise and that specific root cause math can be communicated to the information legally.

170

00:30:42.780 --> 00:30:55.200

Adv Collen Weapond Member of the Information Regul: And so that that information to regulate that and also if the candidates investigation come up with appropriate recommendations to ensure that would cause is adequate, the money medicated.

171

00:30:55.860 --> 00:31:04.350

Adv Collen Weapond Member of the Information Regul: Implementation of popular than slightly three what is very important to appreciate, is there a financial regulator here.

172

00:31:05.280 --> 00:31:20.220

Adv Collen Weapond Member of the Information Regul: started issuing guidelines that relates to codes of conduct, but also prevents no guidance notes in what is very important to appreciate, is that we have issued the guidance note is.

173

00:31:20.940 --> 00:31:30.900

Adv Collen Weapond Member of the Information Regul: already referred to the guidance know on information officers and information officers in itself is a very important step.

174

00:31:31.560 --> 00:31:45.450

Adv Collen Weapond Member of the Information Regul: To ensure that when information officers in depth information offices are pointed that you maybe make use of the guidance that has been provided by the information regulator there's also this.

175

00:31:47.400 --> 00:31:57.330

Adv Collen Weapond Member of the Information Regul: down further guidance, that the information regulator will provide, but what is very important, about the balance note on information offices in depth information offices.

176

00:31:57.870 --> 00:32:07.860

Adv Collen Weapond Member of the Information Regul: And is that it provides for basis on which a deputy information of an information officer should be appointed as well is.

177

00:32:08.820 --> 00:32:30.000

Adv Collen Weapond Member of the Information Regul: An information officer who will be acting in that process is done through a process of authorization deputy Information Office are actually pointed through a process of designation, in itself, provide them a clear basis on which information officers should be appointed.

178

00:32:31.500 --> 00:32:49.410

Adv Collen Weapond Member of the Information Regul: It depends on the size and the complexity of the activities of a specific responsible party when considering the appointment of information offices, but what is very important to appreciate is that epic information officers must be acquainted, in order to ensure accessibility to.

179

00:32:51.120 --> 00:32:55.320

Adv Collen Weapond Member of the Information Regul: A specific responsible party in what is also very important about them.

180

00:32:56.820 --> 00:33:04.620

Adv Collen Weapond Member of the Information Regul: The appointment of Deputy information offices these defected that regulated as not give a specific number.

181

00:33:05.430 --> 00:33:17.640

Adv Collen Weapond Member of the Information Regul: That they will prescribe safe to say that the responsible party mass to its own assessment to established and also ascertain the number of their information offices, if any.

182

00:33:18.360 --> 00:33:27.990

Adv Collen Weapond Member of the Information Regul: It would require to ensure accessibility and also ensure compliance with the requirements of the provisions of popular and buyer.

183

00:33:28.530 --> 00:33:45.120

Adv Collen Weapond Member of the Information Regul: But it's also very important to appreciate, is that the information regulators, he should be guidance Nova iteration seven in sections, but the age of four and that regulate will provide further direction with regards to.

184

00:33:46.230 --> 00:33:53.100

Adv Collen Weapond Member of the Information Regul: authorization and you can expect within the next two weeks at most.

185

00:33:54.240 --> 00:34:06.810

Adv Collen Weapond Member of the Information Regul: Some form of direction with regards to pay authorization safe to say that there was an openness publish in Batman is it and there may be a possible I mean.

186

00:34:07.710 --> 00:34:26.580

Adv Collen Weapond Member of the Information Regul: To that specific notice but it's also very important to appreciate, is that the regulator is in the process of finalizing a guidance note on exemptions for conditions and it's containing section 3637 and 38 or phobia a bit specific guidance note well.

187

00:34:27.720 --> 00:34:39.450

Adv Collen Weapond Member of the Information Regul: Within the next two weeks, you made available on our website or published on a website that regulate also intends to produce a guidance note on direct marketing in terms of Section 69.

188

00:34:40.470 --> 00:34:56.760

Adv Collen Weapond Member of the Information Regul: We had multiple sessions, with the master and direct market in South Africa in this week it was also been communicated to demand service them such a guidance node will be developed to purchase and it will also then be published on our website.

189

00:34:57.840 --> 00:35:05.160

Adv Collen Weapond Member of the Information Regul: What is also very important for each day, as I mentioned, and there will be a guidance note on the meaning and the patient have.

190

00:35:05.550 --> 00:35:15.720

Adv Collen Weapond Member of the Information Regul: Appropriate and reasonable technical and organizational security measures and the data is not going to be made available to us that regulators also.

191

00:35:16.500 --> 00:35:27.630

Adv Collen Weapond Member of the Information Regul: In the process of developing and it's template to report the data breaches in that template will also be made available as soon as it's approved by the information regulate the.

192

00:35:28.740 --> 00:35:30.360

Adv Collen Weapond Member of the Information Regul: slave 27.

193

00:35:32.010 --> 00:35:40.710

Adv Collen Weapond Member of the Information Regul: With regards to slide 27 we looking at the information officers in depth information offices in terms of Section 45 and 66.

194

00:35:41.370 --> 00:35:51.510

Adv Collen Weapond Member of the Information Regul: safe to say that the regulator is also developed a specific guidance notes and guidance that information to relate to provide is quite of a general nature.

195

00:35:52.350 --> 00:36:01.530

Adv Collen Weapond Member of the Information Regul: What is also very important to appreciate with regards to the appointment of information officers is that information officers mass effect.

196

00:36:02.160 --> 00:36:23.610

Adv Collen Weapond Member of the Information Regul: Before each of the specific responsible parties and what is also very important for us to appreciate is that information officers by the nature must've a reasonable appreciation and comprehension of the business activities of the specific responsible party which they would be.

197

00:36:24.960 --> 00:36:44.370

Adv Collen Weapond Member of the Information Regul: processing personal information for and also, they are also duties as would be provided in terms of the designation of of responsibilities by that specific responsible party and what is also very important for us to appreciate is that.

198

00:36:46.080 --> 00:36:59.340

Adv Collen Weapond Member of the Information Regul: In the main, and the information officers must take out the this only after they have been appointed by the information regulator in depth in itself is contained in section five true or false.

199

00:37:00.000 --> 00:37:08.520

Adv Collen Weapond Member of the Information Regul: And it provides for the fact that information officers must be registered, there is a quarter that information regulated made available.

200

00:37:09.510 --> 00:37:18.630

Adv Collen Weapond Member of the Information Regul: We also understand and

appreciate the the technical glitches in the presentation that responsible parties are currently experiencing when registering.

201

00:37:19.050 --> 00:37:33.210

Adv Collen Weapond Member of the Information Regul: Especially those who want to use the same identity number format or registrations, the system has been the system is in the process of being an answer as soon as we have enhanced and the system.

202

00:37:34.410 --> 00:37:35.070

Adv Collen Weapond Member of the Information Regul: one.

203

00:37:36.900 --> 00:37:44.220

Adv Collen Weapond Member of the Information Regul: person and natural person will be able to use one identity number register for multiple.

204

00:37:45.330 --> 00:37:49.890

Adv Collen Weapond Member of the Information Regul: touristy persons, and we also do apologize for the frustration.

205

00:37:51.660 --> 00:38:09.120

Adv Collen Weapond Member of the Information Regul: And, at times, the F might not be available or they might be technical glitches, but we are working on it, we ensure that that data portal becomes more accessible, but it's also considered to be the leading problems, as we, as we proceed.

206

00:38:10.380 --> 00:38:32.040

Adv Collen Weapond Member of the Information Regul: slide that one transport information and that information later use the issue of transport or cross border transfers or transporter in some instances, is being used interchangeably what is very important for each Section seven people for.

207

00:38:33.570 --> 00:38:34.260

Adv Collen Weapond Member of the Information Regul: approach.

208

00:38:35.520 --> 00:38:36.180

Adv Collen Weapond Member of the Information Regul: be there.

209

00:38:37.590 --> 00:38:42.450

Adv Collen Weapond Member of the Information Regul: be any corporate rules in place before.

210

00:38:43.980 --> 00:38:53.100

Adv Collen Weapond Member of the Information Regul: personal information other

subjects at transfer to another jurisdiction, the second one relates to whether regulator.

211

00:38:54.690 --> 00:39:02.970

Adv Collen Weapond Member of the Information Regul: Is fuzzy considering which the first two adequacy assessments adequacy assessments relating, the main to.

212

00:39:04.410 --> 00:39:19.350

Adv Collen Weapond Member of the Information Regul: The fact that the tourist elections which personal information or data subjects will be transferred to that specific jurisdiction will then be assessed to ensure that we determine the question.

213

00:39:20.100 --> 00:39:33.210

Adv Collen Weapond Member of the Information Regul: of day legislation of the specific jurisdiction case here and see if same or similar provisions in place to protect the personal information or data subjects.

214

00:39:35.400 --> 00:39:42.360

Adv Collen Weapond Member of the Information Regul: In that entails provides a basis for us to actually ensure that the jurisdictions.

215

00:39:44.970 --> 00:39:52.020

Adv Collen Weapond Member of the Information Regul: As an inflammation of data subjects are transferred to an HIV in compliance with the adequacy.

216

00:39:52.980 --> 00:40:01.440

Adv Collen Weapond Member of the Information Regul: standard or determination that then we will be basic information regulate that and then what is also very important, which is also referred to.

217

00:40:01.860 --> 00:40:11.340

Adv Collen Weapond Member of the Information Regul: Is the fact that guidance know a guidance note on cross border information will also be considered in in be finalized, and you cross.

218

00:40:11.790 --> 00:40:32.610

Adv Collen Weapond Member of the Information Regul: But safe to say that the transport information and, in the main, relates to the transfer of data subjects personal information to foreign country foreign jurisdictions, but what is also very important in that regulates the appreciates the dynamics, for instance.

219

00:40:34.320 --> 00:40:38.880

Adv Collen Weapond Member of the Information Regul: Our social media platforms

that we use such as whatsapp and Facebook.

220

00:40:39.990 --> 00:40:41.760

Adv Collen Weapond Member of the Information Regul: usually have.

221

00:40:42.840 --> 00:40:53.190

Adv Collen Weapond Member of the Information Regul: The personal information of data subjects in person information is stored in foreign jurisdictions already the information regulate also appreciate.

222

00:40:53.700 --> 00:41:10.260

Adv Collen Weapond Member of the Information Regul: You know that borderless concept of information flows and that in itself becomes very important for the information related to us engage and responsible parties but it's also very important to note is that a data breach, there is a.

223

00:41:13.170 --> 00:41:17.280

Adv Collen Weapond Member of the Information Regul: few years ago, which is referred to as the Cambridge analytica.

224

00:41:18.330 --> 00:41:24.090

Adv Collen Weapond Member of the Information Regul: refers to a compromise of in excess of 480 5000.

225

00:41:25.530 --> 00:41:39.180

Adv Collen Weapond Member of the Information Regul: Users of Facebook, specifically, so if we can use of Facebook and that in itself if triggered out the Egyptian regulate consider a ways and means to engage and address.

226

00:41:40.770 --> 00:41:50.100

Adv Collen Weapond Member of the Information Regul: The temperatures, which occurs outside of the borders of South Africa, as you know that the inflammation regulator does not give.

227

00:41:51.180 --> 00:42:04.620

Adv Collen Weapond Member of the Information Regul: power to regulate a personal information outside of the borders of South Africa, in terms of Section 39, and that is only of people I went in the boundaries and significant jurisdiction.

228

00:42:05.700 --> 00:42:18.360

Adv Collen Weapond Member of the Information Regul: We, unlike the GDP are from their extra area for your application and that in itself from provides clear direction that we can only regulating and force your will in the borders of South Africa.

229

00:42:19.260 --> 00:42:27.540

Adv Collen Weapond Member of the Information Regul: With regards to the enforcement powers of the information regulate it's very important to to state at this stage where.

230

00:42:30.900 --> 00:42:39.090

Adv Collen Weapond Member of the Information Regul: Enforcement notices can be issued in terms of sections in the people section and man, the bells enforcement officers, they would refer to.

231

00:42:39.810 --> 00:43:01.830

Adv Collen Weapond Member of the Information Regul: could be issued, maybe and with regards to a data breach that does occur in terms of Section when it true, and that specific data breach if it happens would then trigger in some instances, and enforcement notice in that notice will then clearly stipulate.

232

00:43:02.940 --> 00:43:04.500

Adv Collen Weapond Member of the Information Regul: What specific.

233

00:43:05.790 --> 00:43:20.850

Adv Collen Weapond Member of the Information Regul: Conditions a bit needs to be complied with and failure to comply or if there's non compliance, it can then track and, as we see like in the presentation fines and penalties and.

234

00:43:22.020 --> 00:43:25.200

Adv Collen Weapond Member of the Information Regul: Those fines and penalties out intersection.

235

00:43:27.000 --> 00:43:31.560

Adv Collen Weapond Member of the Information Regul: Without to compliance that regulator is in the past.

236

00:43:33.420 --> 00:43:53.250

Adv Collen Weapond Member of the Information Regul: proactively accepted complaints and we've done this mainly just to insist just to assess the type of complaints and that will be put forward, also the number of complaints, a bit exist but them safe to say that even have enforcement powers.

237

00:43:53.490 --> 00:43:55.320

Pansy Tlakula: advocate i'm.

238

00:43:55.590 --> 00:43:59.910

Pansy Tlakula: Sorry advocate weapon i'm coming to you again we've just seen

your chest again.

239

00:44:00.570 --> 00:44:17.430

Pansy Tlakula: This is live on Facebook so and, secondly, can you please a round up because we want to give as much time as possible to a q&a if you can just summarize case, thank you, sorry for interrupting you know.

240

00:44:18.060 --> 00:44:18.360

know.

241

00:44:19.410 --> 00:44:19.980

Pansy Tlakula: understood.

242

00:44:21.030 --> 00:44:38.880

Adv Collen Weapond Member of the Information Regul: What is also very important is the fact that we need to appreciate that compliance gnosis will be issued by the information, regulate and what is also very important to understand slide 360s and for me just to round up.

243

00:44:40.200 --> 00:44:50.400

Adv Collen Weapond Member of the Information Regul: Investigation powers of the informational regulator then inflammation regulator can issue summons and enforce the appearance of persons before the regulator.

244

00:44:51.870 --> 00:44:53.070

Adv Collen Weapond Member of the Information Regul: can administer the oath.

245

00:44:54.270 --> 00:45:10.440

Adv Collen Weapond Member of the Information Regul: there's also the search and seizure powers that information regulate the hairs and what is also very important for Shay instead the information regulators in the process of establishing it's enforcement Committee and the enforcement commenting domain will be chaired by Eric church.

246

00:45:11.490 --> 00:45:18.540

Adv Collen Weapond Member of the Information Regul: In the regulator's taken that decision and that decision is also been one that.

247

00:45:19.560 --> 00:45:27.900

Adv Collen Weapond Member of the Information Regul: will then allow for enforcement committee to be constituted what is also very important to appreciate is that.

248

00:45:29.130 --> 00:45:29.730

Adv Collen Weapond Member of the Information Regul: The.

249

00:45:30.840 --> 00:45:35.370

Adv Collen Weapond Member of the Information Regul: The chairperson, who will be at a church will be supported by.

250

00:45:36.810 --> 00:45:56.370

Adv Collen Weapond Member of the Information Regul: Different members and those Members will then be pointed depending on the type of skills that will be required for a specific enforcement meeting and the information related to put up an effort and so that we can invite.

251

00:45:57.930 --> 00:46:01.590

Adv Collen Weapond Member of the Information Regul: Members of the information of the enforcement.

252

00:46:03.480 --> 00:46:20.340

Adv Collen Weapond Member of the Information Regul: Lastly, just look at the the functions of the enforcement committee in for putting the main makes recommendations to the information regulator, which is the Members and Members can either accept that recommendation or check the recommendation or.

253

00:46:21.960 --> 00:46:29.070

Adv Collen Weapond Member of the Information Regul: I mean the specific recommendation in instances where the information regulators, made a decision.

254

00:46:30.720 --> 00:46:38.940

Adv Collen Weapond Member of the Information Regul: Based on the recommendation of enforcement committee that decision is deemed to be final and if a responsible party or data subject is.

255

00:46:39.450 --> 00:46:53.040

Adv Collen Weapond Member of the Information Regul: not happy with the decision of the information regulate their specific decision and be taken on review it at the High Court, and that would be one of the remedies that available.

256

00:46:54.750 --> 00:46:59.580

Adv Collen Weapond Member of the Information Regul: Just to round up section 107 provides for.

257

00:47:00.840 --> 00:47:02.970

Adv Collen Weapond Member of the Information Regul: penalty have up to.

258

00:47:04.740 --> 00:47:22.440

Adv Collen Weapond Member of the Information Regul: 10 penalty have up to 10 million or imprisonment of up to 10 years of both for non compliance with the requirements for the provisions of popular change the interest of time i'm going to stop there, and also allow for.

259

00:47:23.460 --> 00:47:27.090

Adv Collen Weapond Member of the Information Regul: Questions at the stage later, thank you.

260

00:47:31.500 --> 00:47:37.080

Pansy Tlakula: Thank you advocate their weapon can miss tilly please follow immediately, thank you.

261

00:47:41.070 --> 00:47:41.490

Alison Tilley: Thank you.

262

00:47:42.630 --> 00:47:53.970

Alison Tilley: Yes, good morning everybody, and I will be sharing the screen from my side i'm allison selena potter member of the regulator and i've.

263

00:47:55.080 --> 00:47:58.140

Alison Tilley: been around for about five months.

264

00:47:59.790 --> 00:48:02.820

Alison Tilley: Let me start us off with the.

265

00:48:08.610 --> 00:48:12.120

Alison Tilley: section of the Constitution, that is, that is relevant to us.

266

00:48:14.130 --> 00:48:17.460

Alison Tilley: The section is section 32.

267

00:48:18.660 --> 00:48:24.420

Alison Tilley: In relation to the promotion of access to information act I know everybody's heard a lot of our puppy.

268

00:48:24.960 --> 00:48:35.070

Alison Tilley: it's a lot of focus on popular, but the regulator is in fact has has two acts and to rights effectively the we're responsible for the one is.

269

00:48:35.580 --> 00:48:49.500

Alison Tilley: As advocate weapons has said, the right to privacy and, specifically, the right to informational privacy, but the second round that we

look at is the right of access to information and it.

270

00:48:50.580 --> 00:49:03.810

Alison Tilley: it's not when we say access to information it's probably more helpful to think of it as the right of access to records, so this is, this is the right and the APP that allows you to ask for records which are held.

271

00:49:04.920 --> 00:49:14.460

Alison Tilley: either by the state and also records held by people who are not part of the State so private bodies and private people.

272

00:49:15.330 --> 00:49:32.280

Alison Tilley: In that instance, you can only ask for records that are required for the exercise or protection of the rights of the request or another relevant person and but it it applies both in the public and private sector that's the that's the main point that i'm making.

273

00:49:33.690 --> 00:50:00.420

Alison Tilley: Why do we have this piece of legislation and the idea is that we're fostering a culture of transparency and accountability in public and private bodies and working towards the constitutional goal of an open and participatory democracy and the the history of the country.

274

00:50:01.590 --> 00:50:06.270

Alison Tilley: is very much one of secrecy on really every side of every divide.

275

00:50:07.470 --> 00:50:11.280

Alison Tilley: Both the the apartheid governments and.

276

00:50:13.410 --> 00:50:25.890

Alison Tilley: revolutionary movements adopted secrecy, but for very different reasons, obviously, but, but there is a there is a deliberate decision in the Constitution, to make the transition.

277

00:50:27.030 --> 00:50:39.870

Alison Tilley: To to transparency and accountability and i'm giving a bit of background here just because it may help understand how puppy and pyre work together, which which they do.

278

00:50:40.680 --> 00:50:55.500

Alison Tilley: And I was originally introduced under the title of the open democracy bill and adult with a range of issues including open meetings whistleblowing and privacy and access to information.

279

00:50:57.000 --> 00:51:13.740

Alison Tilley: Now the Constitution required and that legislation be passed to give effect to section that you to have the constitution and that lead legislation is pyre I has been an operation for quite some time so since.

280

00:51:15.090 --> 00:51:16.440

Alison Tilley: 2001.

281

00:51:17.520 --> 00:51:18.240

Alison Tilley: and

282

00:51:19.680 --> 00:51:29.490

Alison Tilley: The legislation sets out a way of requesting records, so what kind of records, you can ask for what records you can't ask for.

283

00:51:30.780 --> 00:51:34.950

Alison Tilley: The forms what the processes and in terms of the way you do it.

284

00:51:38.880 --> 00:51:39.420

Alison Tilley: So.

285

00:51:40.830 --> 00:51:50.700

Alison Tilley: that the idea is that you're going to have this piece of legislation, promoting transparency, accountability and effective governance.

286

00:51:52.170 --> 00:52:04.950

Alison Tilley: In encouraging openness, one of the key things pyre does is try to establish mechanisms which give effect to the right of access quickly cheaply and easily.

287

00:52:05.880 --> 00:52:11.580

Alison Tilley: Now for anybody on this call, has done an access to information request you will know.

288

00:52:12.090 --> 00:52:19.440

Alison Tilley: That your experience well I would guess that your experience is going to be exactly the opposite, it wasn't quick it wasn't easy.

289

00:52:20.010 --> 00:52:25.050

Alison Tilley: and part of that is because there is no enforcement mechanism in place, other than the courts.

290

00:52:25.680 --> 00:52:32.310

Alison Tilley: And even at one point only the High Court so you couldn't even go to a magistrate's court, you can go down I just what's called now but.

291

00:52:32.850 --> 00:52:45.420

Alison Tilley: I think the the reputation of pie that precedes it is that it is really ineffective in terms of giving access to to the right information.

292

00:52:45.990 --> 00:52:58.800

Alison Tilley: And really that's where the regulator then comes along and plays a role, which is the regulated software as a mechanism to give effect to the right of access to information so.

293

00:52:59.460 --> 00:53:09.060

Alison Tilley: We will be in a position where once you've made your request and launched on appeal if that's if that's necessary for a record.

294

00:53:09.690 --> 00:53:19.110

Alison Tilley: And you're not getting that record from that person, you can then come to the regulator and we then have a number of partners in order to deal with that.

295

00:53:19.800 --> 00:53:33.120

Alison Tilley: And there's obviously a strong emphasis on mediation and you know it's new trying to explain to everybody, what records shouldn't shouldn't be made available, but in the event that there's some difficulty we can.

296

00:53:34.260 --> 00:53:40.080

Alison Tilley: We can request the records directly from the party that holds the records and then.

297

00:53:41.460 --> 00:53:48.990

Alison Tilley: We also have auto parts in relation to the release of records, so that is something that.

298

00:53:50.280 --> 00:53:57.090

Alison Tilley: Is is within our mandate under surgeons obviously not final we can be taken.

299

00:53:58.110 --> 00:54:01.140

Alison Tilley: On on review and.

300

00:54:03.120 --> 00:54:17.370

Alison Tilley: So, so there is that people can also approach, a court directly

you don't have to come to the regulator for assistance if if, for some reason that that doesn't seem like a good idea, so.

301

00:54:18.750 --> 00:54:24.810

Alison Tilley: We have this idea that there's going to be these this quick cheap easy mechanism.

302

00:54:26.040 --> 00:54:27.600

Alison Tilley: To to establish.

303

00:54:28.650 --> 00:54:36.870

Alison Tilley: The right to access to records and in a way that's meaningful just to come back to some things that that advocate with weapons said about.

304

00:54:37.590 --> 00:54:48.270

Alison Tilley: Information officers may be helpful in thinking about an information officers to remember that the genesis of the idea of an information officer was actually empire.

305

00:54:49.050 --> 00:54:58.740

Alison Tilley: And the idea of an information officer, as the person who's really going to be responsible for access to information in.

306

00:54:59.670 --> 00:55:07.800

Alison Tilley: Whether it's a private body or public body but but, more importantly, somebody who is going to act as a steward for access to information.

307

00:55:08.400 --> 00:55:15.750

Alison Tilley: And for transparency in that organization, I do that you you're looking at somebody senior who's really going to try and lead.

308

00:55:16.740 --> 00:55:30.510

Alison Tilley: The organization in trying to make this transition from from a history of secrecy and into the new constitutional order involving transparency and openness.

309

00:55:31.410 --> 00:55:41.130

Alison Tilley: What we have a now of course is information officers that are going to deal with both so just to come back to a slide that advocate weapon was talking about.

310

00:55:42.090 --> 00:55:59.400

Alison Tilley: Both pie and puppy need you to have points and information

officer and, as he was saying we've got the portal for the registration of information officers and our Our difficulty with that portal and i'm sure you've.

311

00:56:00.600 --> 00:56:20.460

Alison Tilley: you've some of you have mentioned in the chat or difficulty that that you're having in terms of that we are unafraid keenly aware of those of those difficulties, and you know we are, we are asking the tech support people to to work on those issues.

312

00:56:21.990 --> 00:56:31.290

Alison Tilley: And, but but it's it's important, it is important that you have an information officer and deputy information officers in order to lead the kind of change that you.

313

00:56:32.310 --> 00:56:39.900

Alison Tilley: That you're really looking to see in organizations in in kind of aligning their practice with the with the Constitution.

314

00:56:41.010 --> 00:56:44.130

Alison Tilley: And just just as a last slide.

315

00:56:45.540 --> 00:56:55.110

Alison Tilley: This question of information officers deputy information officers again, you know it's not something a small organization would would need.

316

00:56:56.130 --> 00:57:15.780

Alison Tilley: at all, so it may not be relevant for you, but for for bigger organizations, having deputy information officers who can then lead on that, from a particular unit or a particular subsidiary or you know, whatever the particular shapers of the.

317

00:57:18.660 --> 00:57:30.570

Alison Tilley: Of the of the organization and there is, there is one thing I would, I would like to add i've noticed in the question, somebody talking about a puppy manual.

318

00:57:32.640 --> 00:57:42.330

Alison Tilley: This really did, that the the manual that we're talking about when we talk about these manuals is a pilot manual in terms of Section 14 of of pyre.

319

00:57:43.170 --> 00:58:02.970

Alison Tilley: And that is a manual on the functions of an index of records

held by a public body that's the title of that that section in the Act, and while it does deal to some extent with how you deal with data process and it also deals with access to information.

320

00:58:04.260 --> 00:58:11.070

Alison Tilley: So just to just to put that out there that the the the pyre manual.

321

00:58:12.150 --> 00:58:31.980

Alison Tilley: is really the the one to be to be focusing on all right i'm going to end stop i'm going to stop share there, and thank you very much for your attention and I hope we will be able to answer your questions.

322

00:58:34.380 --> 00:58:43.470

Alison Tilley: Yes, i'm I I didn't put my slides on PowerPoint mode because I never entirely sure that i'm going to quite manage that, for some reason but.

323

00:58:45.030 --> 00:58:54.810

Alison Tilley: Yes, and we will be, we will certainly be able to share the slides with you and good all right, shall we move on to questions and.

324

00:58:56.220 --> 00:58:58.980

Alison Tilley: Perhaps for that I can hand over to process now.

325

00:59:08.100 --> 00:59:08.880

Pansy Tlakula: SS name.

326

00:59:30.330 --> 00:59:32.910

Pansy Tlakula: Can you please proceed with a Q amp a.

327

00:59:37.890 --> 00:59:41.040

Pansy Tlakula: yeah we we seem to have it.

328

00:59:41.730 --> 00:59:43.200

They don't have a problem.

329

00:59:44.790 --> 00:59:48.300

Pansy Tlakula: number, can you please do the Q amp a for us, please.

330

00:59:51.720 --> 00:59:52.710

Pansy Tlakula: In the meantime.

331

00:59:54.150 --> 01:00:07.260

Pansy Tlakula: Okay, thank you very much chair and i'll just Midi before I go into the chat group, I can perhaps just read out a few questions which will receive the through Facebook.

332

01:00:07.710 --> 01:00:20.880

Pansy Tlakula: Because, as you had mentioned, yes, we are live on Facebook so i'll just read out a few from there, I don't know if it's on my side, but your volume is quite low I don't know can do that, please.

333

01:00:21.570 --> 01:00:22.860

Pansy Tlakula: Okay, my audible now.

334

01:00:24.870 --> 01:00:25.950

Pansy Tlakula: It can be better.

335

01:00:33.810 --> 01:00:38.160

Pansy Tlakula: It appears, Professor snail is here, are you here, are you professors name.

336

01:00:46.230 --> 01:00:46.590

Pansy Tlakula: Okay.

337

01:00:47.070 --> 01:00:48.000

Zamo Zondi: Wonderful now chair.

338

01:00:48.600 --> 01:00:49.890

Pansy Tlakula: Good yes you're good.

339

01:00:50.730 --> 01:01:03.510

Zamo Zondi: Okay sorry about that, let me try this again I was just me I was just saying chair, that we have a few questions that have come through our Facebook page as people are watching live.

340

01:01:03.960 --> 01:01:12.000

Zamo Zondi: So i'm just going to first read out those questions that we've received from our Facebook page and then i'll allow the panel members to respond.

341

01:01:12.330 --> 01:01:22.380

Zamo Zondi: And then they after I will I will read a segment from the checks and then will allow responses as well, so the first question that we received.

342

01:01:23.160 --> 01:01:34.710

Zamo Zondi: Which is from darlene from demons from demon she asked what is the portals technical problems or When are they going to be sorted out, please.

343

01:01:35.430 --> 01:01:56.460

Zamo Zondi: And then she further arcs what happens when a person is appointed as an information officer to more than one entity, because the portal does not allow for this registration it rejects the application if the ID has been used in a previous application.

344

01:01:57.540 --> 01:02:02.940

Zamo Zondi: And then the other stays the same applies, with the deputy information officer.

345

01:02:04.200 --> 01:02:18.120

Zamo Zondi: And the second question is about our email boxes which are full and emails are bouncing back so where can application forms manual application forms be sent.

346

01:02:19.140 --> 01:02:38.520

Zamo Zondi: And lastly, should we create them, what is the address that we can Korea, the manual application for information officers i'm just going to stop there, for now chair and then I will come back with questions that I in the chat room, thank you.

347

01:02:41.430 --> 01:02:44.400

Prof Snail ka Mtuze: And then also back the collection.

348

01:02:45.690 --> 01:02:46.350

Prof Snail ka Mtuze: of an issue.

349

01:02:47.430 --> 01:02:50.280

Prof Snail ka Mtuze: I think, once the people have answered the questions are be able to.

350

01:02:50.520 --> 01:02:51.000

Prof Snail ka Mtuze: Be with.

351

01:02:51.090 --> 01:02:52.410

Prof Snail ka Mtuze: Jay Thank you.

352

01:02:55.290 --> 01:03:01.530

Ms.Varsha Sewlal : Executive Legal: Thank you now i'll take the question on the portal, the portal all of the issues relating to.

353

01:03:01.530 --> 01:03:19.020

Ms.Varsha Sewlal : Executive Legal: The portal are being addressed by the it team, we fully aware of the inability of the system to deal with multiple registrations and that's one of the fixes that's being deployed so that will be addressed, I think, in the next few weeks at the at the very latest, thank you.

354

01:03:37.980 --> 01:03:41.340

Prof Snail ka Mtuze: Right, so we, we now have.

355

01:03:41.460 --> 01:03:49.080

Prof Snail ka Mtuze: The questions and answers from the Q amp a box i'm just opening them up here.

356

01:03:50.550 --> 01:03:54.420

Prof Snail ka Mtuze: The first question here, we have from rona Decker.

357

01:03:55.890 --> 01:04:07.080

Prof Snail ka Mtuze: Is he says, will the information regulator as an African human rights to mention it in the past, publish a template of the required tire manual.

358

01:04:07.740 --> 01:04:30.270

Prof Snail ka Mtuze: And when should we, with whom should we light up on your manuals with the African Human Rights Commission, or should we wait for the first of July to lodge our manuals with the information regular as amended higher now I have someone from the panel be willing to take that question.

359

01:04:34.950 --> 01:04:35.910

Pansy Tlakula: Is the name SEC.

360

01:04:37.050 --> 01:04:39.120

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: I can take that as well.

361

01:04:40.110 --> 01:04:55.500

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: They regulate I have developed the template on Paya minute as pie has been amended that template will be publicized in our website, but maybe not that i've got platform chair and program director i'm as well just mentioned that.

362

01:04:55.920 --> 01:04:57.330

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: The issue of them.

363

01:04:57.390 --> 01:05:09.360

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: submission of paper manual after the 30th of June, the requirement of submission of paper manual will not exist anymore, you are not required to submit I am I got the information regulator.

364

01:05:09.780 --> 01:05:19.740

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: However, you as opposed to those Paya, mind you have in your website and already available at your head office, upon request as well, when you pull request that you can give them.

365

01:05:20.070 --> 01:05:30.540

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: But you do not have to submit a copy, as in the past, we used to submit to their fellow human rights commission, you do not have to submit their information regulator, thank you.

366

01:05:32.370 --> 01:05:32.850

Prof Snail ka Mtuze: Right.

367

01:05:34.440 --> 01:05:47.460

Prof Snail ka Mtuze: Then we have another question here from AC con it for the opportunity to ask this question, I assume is their basic option manual template.

368

01:05:47.910 --> 01:06:02.850

Prof Snail ka Mtuze: available for small NP owes doing charity welfare work service providers are charging way too much for NGOs and the npr stores personal information of beneficiaries.

369

01:06:03.360 --> 01:06:19.200

Prof Snail ka Mtuze: And recipients of social relief, I think I think that's an awesome itself and being an attorney I think the is, unfortunately, this practice are they.

370

01:06:19.770 --> 01:06:33.330

Prof Snail ka Mtuze: have now wanting to milk the puppy a compliance issue, and you know people must be very airy of fly by nights people who can port to be experts.

371

01:06:33.750 --> 01:06:46.350

Prof Snail ka Mtuze: will pass themselves to be experts people who claim to give certifications regarding appear and charging people a whole lot of exorbitant amounts of money.

372

01:06:47.160 --> 01:06:57.870

Prof Snail ka Mtuze: And I ever does not mean that you must not be compliant

unfortunately compliance with means having to go consult legal practitioner  
privacy practitioner.

373

01:06:58.500 --> 01:07:22.170

Prof Snail ka Mtuze: who assist you with those type of things, and you know, then it is always good to spend a bit of money from agit but the office of the regulator's always open to assist any responsible, but he was the subject and any specific very that they may have right, then we have hank fund evolves.

374

01:07:25.650 --> 01:07:25.830

To.

375

01:07:31.980 --> 01:07:33.210

Prof Snail ka Mtuze: colleges for that.

376

01:07:34.290 --> 01:07:45.420

Prof Snail ka Mtuze: But then we have the The next question here, coming from Mike burns what is also important for the information regulated bow.

377

01:07:45.840 --> 01:08:09.660

Prof Snail ka Mtuze: Is that to be appointed to the gambling industry requires licensing and through excellent credit checks, including credit checks and criminal and solace, all of which can be collected on the D s with their consent, I see the person's hand is up yeah would you like to answer that.

378

01:08:10.440 --> 01:08:23.400

Pansy Tlakula: And I was not answering that I, I was just wanting miss allows response on the portal, there are a number of people who are asking a question about.

379

01:08:23.880 --> 01:08:40.110

Pansy Tlakula: That, if you have used your ID once you you can't use it again if she can just address that question, and second, the S just following on what you said, the Professor that we have received queries about.

380

01:08:42.750 --> 01:08:50.280

Pansy Tlakula: Companies charging people a lot of money to register themselves as information.

381

01:08:51.570 --> 01:08:53.220

Pansy Tlakula: officers on the portal.

382

01:08:54.270 --> 01:09:14.490

Pansy Tlakula: We are just I mean if if a if a body has money to pay a

consultant for that well in good, but we just want to advise that registering your your your private body or public body on the portal is something that you can do yourself, you don't have to pay.

383

01:09:14.700 --> 01:09:17.730

Prof Snail ka Mtuze: Anybody anything I just wanted to say that.

384

01:09:17.880 --> 01:09:24.240

Pansy Tlakula: up front, but missoula please it's an appropriate time answer that question of ideas, thank you.

385

01:09:25.080 --> 01:09:28.050

Prof Snail ka Mtuze: I think I let's miss a lot answer that not a person.

386

01:09:28.350 --> 01:09:29.910

Prof Snail ka Mtuze: So that exposes the.

387

01:09:30.330 --> 01:09:32.580

Prof Snail ka Mtuze: whole issue of missoula over to us.

388

01:09:32.880 --> 01:09:41.460

Ms.Varsha Sewlal : Executive Legal: And thanks thanks thanks for us now, this is being addressed by our it team, where we want to where there are multiple registrations.

389

01:09:42.090 --> 01:10:00.060

Ms.Varsha Sewlal : Executive Legal: That are trying to be registered with one information officer for more than one entity and, in some instances, more than one more than one deputy information officer for more than one entity, so this is part of the face to development, and it is being dealt with by Justice thanks.

390

01:10:01.230 --> 01:10:01.710

Prof Snail ka Mtuze: Right.

391

01:10:02.250 --> 01:10:06.240

Prof Snail ka Mtuze: And I see here this this further questions from the.

392

01:10:06.240 --> 01:10:07.020

Facebook.

393

01:10:08.490 --> 01:10:10.320

Prof Snail ka Mtuze: panel as well.

394

01:10:11.460 --> 01:10:26.700

Prof Snail ka Mtuze: It says how would trustees have a fund be appointed as information officers and as if they are employed by the fund an answer that I think Mr and Ms CC would be appropriate.

395

01:10:31.350 --> 01:10:35.700

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: thanks for the day the requirement for the.

396

01:10:37.710 --> 01:10:38.940

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: notice that appointment.

397

01:10:38.940 --> 01:10:51.570

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Because an information, obviously, is by default, the head of that institution if, for example, you've got a fund which might have the principal officer that principle of besides the one which.

398

01:10:52.200 --> 01:11:02.010

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: is supposed to be registered with the regulator as an information officer, however, for a private entities or private board is urgent stick person, if I may be specific.

399

01:11:02.490 --> 01:11:11.850

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Those can actually offer it to somebody else as an information officer, but you can only offer is an employee.

400

01:11:12.210 --> 01:11:27.180

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: of that company they they go, let me comment that when you organize some way to just to be some way of seniority who can assist you in taking accountability and making sure that the organization comply with both PR PR and pay.

401

01:11:27.630 --> 01:11:37.710

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: So they by default, the principal Officer of a fine would be the information officer, but that principal officer can actually authorized somebody asked.

402

01:11:38.010 --> 01:11:53.430

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: If you look at the guidance note on influencers of information officer, we do have a template of innovation that you can use to offer that somebody has but that can only be done by a dualistic passage in terms of the Act, thank you.

403

01:11:53.550 --> 01:11:54.660

Prof Snail ka Mtuze: Thank you, Mr and Mrs isn't.

404

01:11:55.530 --> 01:11:56.820

Prof Snail ka Mtuze: Like I said i'm going to be taking.

405

01:11:56.910 --> 01:12:10.230

Prof Snail ka Mtuze: Both question from Facebook and and the q&a another Facebook question says here, what happens if the portal is only fixed after the first of July 2021.

406

01:12:10.860 --> 01:12:24.600

Prof Snail ka Mtuze: Is there going to be an extension or the registration of Information Office man asked me to answer that one overstock necessarily answer that and do the cameras on.

407

01:12:25.710 --> 01:12:42.300

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: And I can try and answer right there if you look at the legislation there's no specific deadlines and said for demonstration of information officer, if you look at the section 55 and even our guidance not we did not specify the deadline, obviously.

408

01:12:42.600 --> 01:12:45.330

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Everyone wants to ensure that their COMP plans before the first of.

409

01:12:45.330 --> 01:12:56.670

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: July, but because this technical glitches the regulator would definitely not take any actions, if people were unable to register before the first of July, but there is not.

410

01:12:57.660 --> 01:13:05.880

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: specific deadlines for the session of information officer, although once the system is set up, will expect people to start registering that information.

411

01:13:09.990 --> 01:13:10.380

Prof Snail ka Mtuze: Right.

412

01:13:10.860 --> 01:13:22.680

Prof Snail ka Mtuze: Then we we have a question here by anonymous, thank you for this initiative that is very important i'm from the private medical sector, you have been advised that the inflammation regulator.

413

01:13:23.250 --> 01:13:43.350

Prof Snail ka Mtuze: will be issuing a code of conduct for the private medical sector you please advise if this is still happening, and so, when can we expect it to be published as make impact top appear arrangements, the any panel Member would like to take that one.

414

01:13:44.010 --> 01:13:50.520

Pansy Tlakula: I think he advocated weapons should deal with this question because he's been dealing with me.

415

01:13:50.550 --> 01:13:51.480

Prof Snail ka Mtuze: All right, thank you.

416

01:13:54.690 --> 01:13:58.320

Adv Collen Weapond Member of the Information Regul: Thank Thank you Thank you can you just repeat the question I must also be.

417

01:13:59.010 --> 01:14:00.540

Prof Snail ka Mtuze: Okay now repeat it for you.

418

01:14:01.170 --> 01:14:11.880

Prof Snail ka Mtuze: And then the essence of the question is, we have been advised that the information regulator was issuing a code of conduct the private medical sector.

419

01:14:12.570 --> 01:14:24.120

Prof Snail ka Mtuze: you please advise if this is happening, and if so, when can we expect it to be published as it may impact our peer arrangements it's from anonymous.

420

01:14:26.790 --> 01:14:29.970

Adv Collen Weapond Member of the Information Regul: Thank you so much, I hope, i'm visible yes.

421

01:14:30.300 --> 01:14:35.190

Adv Collen Weapond Member of the Information Regul: yeah so what happened interested give some background temperature and for the floor.

422

01:14:36.210 --> 01:14:47.250

Adv Collen Weapond Member of the Information Regul: Is that, in terms of Section one one to see we were supposed to look at the regulation because of our consultation, if you remember Prof we didn't get sufficient input.

423

01:14:47.700 --> 01:15:10.470

Adv Collen Weapond Member of the Information Regul: Is the regulated in decided to go and look at the section, that is true, six which refers to section one E and F in one in one in the main, look at the medical teams, as well as pension funds and what we've decided is the information regulate was to go out and when I.

424

01:15:12.540 --> 01:15:16.620

Adv Collen Weapond Member of the Information Regul: Patients from experts and those specific days in.

425

01:15:18.150 --> 01:15:18.570

Adv Collen Weapond Member of the Information Regul: A week.

426

01:15:20.280 --> 01:15:43.530

Adv Collen Weapond Member of the Information Regul: be bad group, and this one in which we will go with the sufi with a specific method, because it requires some expert in specialist contribution in order for us to give and prescribe rules they reflect industry specific knowledge in detail what the chairperson is also.

427

01:15:45.000 --> 01:15:51.600

Adv Collen Weapond Member of the Information Regul: In the membership decided was for us to have a health quadrants but as a conference that we are planning.

428

01:15:52.770 --> 01:16:03.780

Adv Collen Weapond Member of the Information Regul: is still working progress, but we also can look at what are the needs and requirements of the health sector at large, because of.

429

01:16:04.860 --> 01:16:12.210

Adv Collen Weapond Member of the Information Regul: The size and the complexity and the technicalities of the specific sector it's quite a unique sector and it's also.

430

01:16:12.810 --> 01:16:23.970

Adv Collen Weapond Member of the Information Regul: The same with telecommunications, so we are looking at a specific our Conference, but it should be be at a later stage and they'd still be considered in announced that information, because I think the.

431

01:16:25.440 --> 01:16:25.680

Prof Snail ka Mtuze: bigger.

432

01:16:27.810 --> 01:16:51.570

Prof Snail ka Mtuze: The following question here comes from a ah, if we request

credit reports from credit bureaus to, we also need to apply for prior authorization or only the credit bureaus who create the report and it's a little bit unfortunate that we don't know which industry, you are.

433

01:16:53.250 --> 01:17:15.330

Prof Snail ka Mtuze: But I think i'll answer that one in the to say obviously whenever you request for any credit check or anyone, I mean that is special personal information, you will have to get the consent from the data subject and and this content should not be.

434

01:17:16.380 --> 01:17:31.530

Prof Snail ka Mtuze: fused with prior authorization, which actually deals with further processing of certain unique identifiers don't want to go into it too much in detail, let me then go to the next question.

435

01:17:32.730 --> 01:17:45.630

Prof Snail ka Mtuze: Good morning, as soon as phone summary information regulated be making a pyre manual template which incorporates appear amendments, the buyer.

436

01:17:46.260 --> 01:18:08.640

Prof Snail ka Mtuze: Secondly, should the contact details and the pyre manual change from the South African a human rights to the inflammation regulator and, lastly, what will the email address be for higher submission, I request management cinema sissy to take the floor and that's one Thank you.

437

01:18:09.360 --> 01:18:10.350

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Thank you so much profit.

438

01:18:10.470 --> 01:18:20.670

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: A day, the issue of the template of paper manual i've already indicated that they regulate I have already developed into their process of final approval that a template will be published.

439

01:18:21.090 --> 01:18:29.460

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: What we what we do as the regulator we realized that there are people out there consultant who actually building out the public with regard to.

440

01:18:29.760 --> 01:18:41.730

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: The development of pay a minor, so the template that we have it's user friendly it will enable and the public to be able to populate the information that is required into the the page.

441

01:18:42.390 --> 01:18:47.490

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: template and they'll have their own  
Pillar manual so that would be published as soon as possible.

442

01:18:47.880 --> 01:19:00.450

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: The issue of submission of the manual  
to the regulator, as I indicated that is not a requirement after the 30th of  
June, when the amendment of Paya comes into a petition for the submission of  
player manual unless.

443

01:19:00.810 --> 01:19:10.410

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: The regulators have requested a copy  
of that manual as part of its compliance requirement, but we found out of the  
question for the copy, you do not have to submit a copy to the regulator.

444

01:19:11.760 --> 01:19:12.180

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Thank you.

445

01:19:14.070 --> 01:19:14.460

Prof Snail ka Mtuze: muscles.

446

01:19:14.940 --> 01:19:16.710

Prof Snail ka Mtuze: And let's turn it over to you.

447

01:19:17.310 --> 01:19:33.600

Alison Tilley: Thank you, I just want to to chip in there and the there is a  
there are set of exemptions from having to develop a Pio manual and these  
exemptions, mostly apply to small organizations so many people on the call may  
think that they.

448

01:19:34.110 --> 01:19:35.460

Alison Tilley: are required to do.

449

01:19:36.210 --> 01:19:45.120

Alison Tilley: A puppy manual which are not there's there's no such thing or  
they may think that they need to do a pie, a manual, although they are a small  
organization and.

450

01:19:45.780 --> 01:19:55.890

Alison Tilley: I don't have at my fingertips exactly the exemptions, but, but  
if you are, if you are an SME, there is a requirement that you that you have a  
pilot manual.

451

01:19:57.000 --> 01:20:00.060

Alison Tilley: That has been because there's been an exemption in place.

452

01:20:01.710 --> 01:20:10.920

Alison Tilley: Which, which is the exemption has done, Madam Minister of Justice and we've gone back to the Minister of Justice and said look, you know.

453

01:20:12.000 --> 01:20:24.990

Alison Tilley: We appreciate that this is new and not everybody's going to be, you know, on top of this alert has been in place for a long time so there'll be at least another six months for people to get the pie manuals and order.

454

01:20:25.920 --> 01:20:36.000

Alison Tilley: Because that the operation of that is going to be suspended for for that period of time, so I really would if anybody's telling you that you have to have a pineal you have to pay them money.

455

01:20:37.740 --> 01:20:48.720

Alison Tilley: And you're a small organization, I really would check first because that's I would be, I would just be be cautious about that because that's very probably isn't the case.

456

01:20:49.650 --> 01:20:50.790

Prof Snail ka Mtuze: Thanks, thank you very much.

457

01:20:51.060 --> 01:21:05.790

Prof Snail ka Mtuze: Thank you for that mystery some oughtn't input costs small organizations, as well as the obligations to file Paya manuals once again, please would like to stress.

458

01:21:06.450 --> 01:21:18.270

Prof Snail ka Mtuze: You know the a lot of people are a passing themselves as experts and who are forcing people to take on product is, please take advice from proper perspective.

459

01:21:18.750 --> 01:21:32.790

Prof Snail ka Mtuze: or eagle advice, now we have another question here from the FBI zoom administrator what extent does personal information relate a journalistic person.

460

01:21:33.630 --> 01:21:46.860

Prof Snail ka Mtuze: aka does a touristic person have personal information i'm not talking about the presence of personal information think i'm going to answer that one but to belabor time.

461

01:21:48.060 --> 01:22:12.300

Prof Snail ka Mtuze: The puppy creates two categories of personal information, the one category is of a identifiable living person you go into section one of the definition of personal information an identifiable living person or a existing.

462

01:22:13.440 --> 01:22:16.170

Prof Snail ka Mtuze: Identity identifiable touristic person.

463

01:22:17.490 --> 01:22:28.020

Prof Snail ka Mtuze: A touristic person in terms of our legislation can also be a data subject and can be a subject matter of personal information.

464

01:22:28.680 --> 01:22:42.540

Prof Snail ka Mtuze: And we've had this question on numerous occasions and I recall, we have taken the position that a items not will have to come out today, just to clarify on the issue of.

465

01:22:43.560 --> 01:22:57.360

Prof Snail ka Mtuze: touristic persons and their personal information now I don't want to repeat certain question from certain people, so please don't feel like i'm skipping questions if i'm eating.

466

01:22:57.960 --> 01:23:11.820

Prof Snail ka Mtuze: there's a question here from from Michael dolphin and is the information officer an employee and never really had this one sorry Michael and then this one here that says.

467

01:23:14.160 --> 01:23:27.420

Prof Snail ka Mtuze: i'm Rebecca OK, so the prior authorization applications be submitted way an entity is unsure lay the processing of a unique identifier.

468

01:23:27.810 --> 01:23:49.530

Prof Snail ka Mtuze: Or the type of unique identifier falls within the embedded of prior authorization with all applications that have been submitted as far will the information regulator, be able to provide examples of what types of processing activities may require prior authorization.

469

01:23:50.610 --> 01:23:57.810

Prof Snail ka Mtuze: Can can I give this question over to to miss salon or to Mr nemesi one of the.

470

01:24:06.630 --> 01:24:14.010

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Again, try to onsite they have position the regulated issue that guidance lot, which is available on our website.

471

01:24:14.400 --> 01:24:25.590

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: As to how people they can interpolate the plethora of what processing are subject to politician, let me give you one example it's gonna be difficult for the regulator to give an example.

472

01:24:25.890 --> 01:24:41.850

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: On processing of all the responsible party that you have in the country because they process different does not information and then maybe not be easy, but let me give you a practical example of the credit bureau they they can be below industry.

473

01:24:41.910 --> 01:24:44.220

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: They receive the process.

474

01:24:44.250 --> 01:24:54.660

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Information for credit reporting and that processing is subject to provision, so any any credit bureau into that process personal information for credit reporting.

475

01:24:54.990 --> 01:25:01.290

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: For them to continue processing as personal information they need to obtain a plan for others and from the regulator.

476

01:25:01.650 --> 01:25:13.200

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: that's fair credit reporting the last example that I can give it's when you an example is a regulator, they want to employ an employee and they want to do a criminal record check.

477

01:25:13.980 --> 01:25:20.190

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: And they appoint a third party company to assist the regulator to conduct that criminal record check such.

478

01:25:20.880 --> 01:25:31.950

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: That private company or third party company that do the criminal record check for the regulator supposed to obtain a prioritization from the regulator for them to be able to process.

479

01:25:32.340 --> 01:25:40.230

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: That information for papers of credit for papers or criminal record search So those are the example that I can give it might be difficult to give.

480

01:25:40.500 --> 01:25:48.030

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: A practical example related to your unique processing of personal information as we may not know or so, because.

481

01:25:48.570 --> 01:25:54.870

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Different company has a different information but they're short answers that go to our website.

482

01:25:55.140 --> 01:26:04.950

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Look at the guidance Norton President of personnel information you'll be able to see which processing of personal information is subject to personalization and that's available in our website, thank you.

483

01:26:06.630 --> 01:26:07.800

Prof Snail ka Mtuze: Thank you it's the necessity.

484

01:26:07.800 --> 01:26:10.410

Prof Snail ka Mtuze: For the assistant answer on that point.

485

01:26:11.430 --> 01:26:33.150

Prof Snail ka Mtuze: Right here's a question by Michael often is the information officer of the whole company automatically the information officer of the wholly owned subsidiary and how do we ensure that the registration is easy, given a large number of subsidiary.

486

01:26:34.590 --> 01:26:48.960

Prof Snail ka Mtuze: Companies and I want to link at with with ilana fondant Apps question where ilana asks is the appointment of the deputy information officer voluntary or come answering.

487

01:26:51.060 --> 01:26:54.480

Prof Snail ka Mtuze: From the panel, can I have someone can take that one.

488

01:26:54.990 --> 01:26:55.590

Adv Collen Weapond Member of the Information Regul: Thank you.

489

01:26:58.740 --> 01:27:01.410

Adv Collen Weapond Member of the Information Regul: Yes, so yeah let's just go.

490

01:27:01.860 --> 01:27:05.370

Adv Collen Weapond Member of the Information Regul: We have this issue about subsidiaries and also.

491

01:27:07.230 --> 01:27:15.750

Adv Collen Weapond Member of the Information Regul: That group, basically, what is very important for us to appreciate, is the fact that there is a.

492

01:27:16.560 --> 01:27:34.890

Adv Collen Weapond Member of the Information Regul: A subsidiary is a separately legally recognized entity in terms of its incorporation and also it's registration is a is a company and that specific company in terms of our legislation will require.

493

01:27:35.970 --> 01:27:39.570

Adv Collen Weapond Member of the Information Regul: A would require and information officer.

494

01:27:41.520 --> 01:27:55.110

Adv Collen Weapond Member of the Information Regul: It would be very difficult, I think if if there's a group, and they are subsidiaries and there's only one information officer responsible for, for instance for 10 other different legal entities.

495

01:27:55.620 --> 01:28:11.310

Adv Collen Weapond Member of the Information Regul: might be to a certain extent, be some type of a complication what what is also then very important to appreciate with regards to the ios deputy information officers is the fact that that refers to if.

496

01:28:12.630 --> 01:28:17.520

Adv Collen Weapond Member of the Information Regul: So, if any, in our rotation of if I recall correctly.

497

01:28:19.770 --> 01:28:40.530

Adv Collen Weapond Member of the Information Regul: places a discussion on the specific touristic person, the company at to its own assessment to see if it would require yay Oh, maybe if they use an example of a company that consist of three people or four people you know focuses, and since they have minimal.

498

01:28:42.300 --> 01:28:44.190

Adv Collen Weapond Member of the Information Regul: personal information that they process.

499

01:28:45.480 --> 01:28:50.100

Adv Collen Weapond Member of the Information Regul: It may not be deemed necessary to have a va.

500

01:28:51.510 --> 01:29:03.360

Adv Collen Weapond Member of the Information Regul: But if you look at the company with you know 50,000 employees who have forums processing of personal information that they've been in my understanding, would require.

501

01:29:03.840 --> 01:29:15.510

Adv Collen Weapond Member of the Information Regul: A number of the Ada also responsible party so sorry the ios deputy information offices and then, if any, would end up like extended, then those.

502

01:29:16.410 --> 01:29:26.370

Adv Collen Weapond Member of the Information Regul: A bit specific company might have to appoint a number of different information officers in order to make it accessible to data subjects in the public good, thank you.

503

01:29:27.870 --> 01:29:28.680

Prof Snail ka Mtuze: Thank you advocate.

504

01:29:30.240 --> 01:29:40.590

Prof Snail ka Mtuze: The next question actually has been asked by by several attendees, so I think i'm going to summarize this question and i'm going to direct the question that our chairperson.

505

01:29:42.870 --> 01:29:48.300

Prof Snail ka Mtuze: Of the any requests for extension of the grace period.

506

01:29:49.980 --> 01:30:03.570

Prof Snail ka Mtuze: And, and what is the position of the information regulator regarding any possible extension of the grace period I said question has been asked several people have summarize the present.

507

01:30:06.960 --> 01:30:09.840

Pansy Tlakula: Thank you very much, a professor.

508

01:30:11.520 --> 01:30:21.240

Pansy Tlakula: We have received, am I will have to request that we received for an extension, and the answer is no, that there isn't going to be any.

509

01:30:21.810 --> 01:30:33.600

Pansy Tlakula: extension on the first of July, they enforcement powers coming into operation, why do we have done, though, and I have to mention you to recall that.

510

01:30:34.290 --> 01:30:52.770

Pansy Tlakula: In terms of I think it's section 1142 if i'm not mistaken, of Pope here we can the information regulate had should cassettes or issue and not is in the gazette on when they.

511

01:30:53.910 --> 01:30:56.340

Pansy Tlakula: Travel authorization sections section.

512

01:30:58.320 --> 01:31:19.800

Pansy Tlakula: will come into effect, we had gazetted that those sections will come into effect in fact they are into effect, to say any applications for proud or anyone who processes information that requires prior authorization must ensure that they obtain that information, a they obtain the.

513

01:31:20.880 --> 01:31:32.790

Pansy Tlakula: The authorization by the first of July we had because it has that date, which meant that by the first of July, if you had not obtained.

514

01:31:33.300 --> 01:31:52.290

Pansy Tlakula: A prioritization from the regulator and you were processing certain types of information mentioned in section 5758 and they had to stop processing your personal information we have decided to amend the coming into effect of.

515

01:31:52.590 --> 01:31:53.490

Pansy Tlakula: That section.

516

01:31:53.550 --> 01:32:10.080

Pansy Tlakula: To the first of February, which means that everyone who requires prior authorization from the regulator, you will have up to the first of February next year.

517

01:32:10.590 --> 01:32:21.630

Pansy Tlakula: To ensure that a before that date, you you you submit your application and we will also have up to the first of July, to ensure that we deal with all the applications.

518

01:32:22.020 --> 01:32:32.370

Pansy Tlakula: That we we have received so that's the only amendment that we have made, otherwise the enforcement powers, I to coming into effect on the first of July, think of image.

519

01:32:33.210 --> 01:32:34.950

Prof Snail ka Mtuze: Thank you very much, chairperson.

520

01:32:35.370 --> 01:32:36.450  
Prof Snail ka Mtuze: advocate cooler.

521

01:32:37.170 --> 01:32:56.190  
Prof Snail ka Mtuze: And they they are a lot of questions here regarding the photo i'm going to try and put these two questions together as one question and one of the panelists should just bounce off of this question, and this seems to be issues regarding the online portal.

522

01:32:57.240 --> 01:33:07.200  
Prof Snail ka Mtuze: Number one people are unable to register, because the system's down to the issues pertaining to the individual ID numbers.

523

01:33:07.650 --> 01:33:17.730  
Prof Snail ka Mtuze: Others an ID number that has already been registered cannot be registered again and can this be rectified and going further, it says.

524

01:33:18.660 --> 01:33:32.940  
Prof Snail ka Mtuze: At what point will the portal be fully functional, the reason being that group of legal entities have been an able to register their various herbs and.

525

01:33:33.600 --> 01:33:44.850  
Prof Snail ka Mtuze: This is hampering the registration process, I also see here anonymous follows up and asked if the registrations can be done physically I know we've had a.

526

01:33:47.700 --> 01:33:52.950  
Prof Snail ka Mtuze: Similar question for Is anyone would like to answer that specific question regarding the.

527

01:33:53.010 --> 01:33:54.330  
Adv Collen Weapond Member of the Information Regul: photo is.

528

01:33:57.240 --> 01:34:00.030  
Adv Collen Weapond Member of the Information Regul: Thank you prefer just can I switch my camera.

529

01:34:00.120 --> 01:34:01.650  
Adv Collen Weapond Member of the Information Regul: off just for better call quality.

530

01:34:02.400 --> 01:34:05.820

Adv Collen Weapond Member of the Information Regul: there's also the main issue at the portal.

531

01:34:06.900 --> 01:34:18.420

Adv Collen Weapond Member of the Information Regul: There are teachers, sometimes, if you do want to register, then you get some type of notice in also some people cannot complete their.

532

01:34:18.960 --> 01:34:30.450

Adv Collen Weapond Member of the Information Regul: Patients, but what is very important for us to appreciate, is that the regulators are aware of the glitches is have stated in my presentation, but what is also very important and i've highlighted this in the presentation is the fact that.

533

01:34:31.380 --> 01:34:41.880

Adv Collen Weapond Member of the Information Regul: We know that the person with one, it cannot register for multiple entities as muscle also referred to in in phase two of the enhancement of the portal.

534

01:34:42.330 --> 01:34:49.560

Adv Collen Weapond Member of the Information Regul: These glitches in these technicalities will be addressed and resolve with regards to the specific date.

535

01:34:50.220 --> 01:34:58.500

Adv Collen Weapond Member of the Information Regul: We don't have the specific date on which the portal issues will be resolved, but we intend to resolve it as soon as possible.

536

01:34:58.890 --> 01:35:06.360

Adv Collen Weapond Member of the Information Regul: preferably before the first of July 2021, but what is also very important is to know what my cinema CC say.

537

01:35:06.810 --> 01:35:24.600

Adv Collen Weapond Member of the Information Regul: That because of the fact that the regulators are we have the teachers and the station that responsible parties have to register the information officers in the House, we will not penalize responsible parties if they are not registered come the first of July 2021 Thank you.

538

01:35:27.360 --> 01:35:29.700

Pansy Tlakula: Perfect can I come in as well, I think.

539

01:35:30.270 --> 01:35:33.570

Pansy Tlakula: Service, we have to be completely.

540

01:35:33.600 --> 01:35:34.530

Pansy Tlakula: open about.

541

01:35:34.590 --> 01:35:50.520

Pansy Tlakula: The challenges that we we are encountering you would recall that, and this was a prototype we still using the systems and, in some instances, the policies of the Department of Justice.

542

01:35:51.540 --> 01:35:52.470

Pansy Tlakula: Just because of.

543

01:35:53.760 --> 01:36:03.900

Pansy Tlakula: budgetary constraints constraints until such time, we are able to build our own systems in the conversation in that regard.

544

01:36:04.620 --> 01:36:15.600

Pansy Tlakula: Have pecans so you know the system that we're using is the Department of Justice they built it for us and we are very appreciative of that.

545

01:36:16.200 --> 01:36:28.380

Pansy Tlakula: But it is encountering all the problems that you have all highlighted, what I have to also inform the participants, is that we are looking at a plan B.

546

01:36:29.250 --> 01:36:45.390

Pansy Tlakula: A on how we can deal with these challenges and a plan B, which is what the other part of the question is dealing with is is that we are going to look into having a manual.

547

01:36:47.160 --> 01:36:59.910

Pansy Tlakula: registrations, so that when the system is down, we can then have warm bodies that will be able to to capture the application forms, I thought I should say this, thank you.

548

01:37:01.080 --> 01:37:01.860

Prof Snail ka Mtuze: Thank you very much.

549

01:37:07.530 --> 01:37:13.410

Prof Snail ka Mtuze: And I hope the additional clarity that a person is provided and will will then accordingly.

550

01:37:14.460 --> 01:37:24.330

Prof Snail ka Mtuze: I have a question here from South African Institute of chartered accountants that from you need to stand come, we have received numerous questions on higher expression.

551

01:37:24.780 --> 01:37:39.210

Prof Snail ka Mtuze: of information officers can be done if the system is experiencing technical issue, so we have a similar question to that when doing a manual registration will receive the message that we should do so online, I think.

552

01:37:39.900 --> 01:37:48.810

Prof Snail ka Mtuze: chairperson and advocate of address that one oh interesting I see here there's a question from this, the Masonic.

553

01:37:50.220 --> 01:38:13.440

Prof Snail ka Mtuze: nice to see you again, yes, the will be a recording of this that will be made available and said, we are live streaming as well, and let me just go over to the Facebook questions, and not just focus on the questions on here we have a question from caswell la layer

554

01:38:14.520 --> 01:38:32.490

Prof Snail ka Mtuze: Do we have offices of the inflammation regulator in districts or provinces that we can visit and then maybe just to add on to that and, if so, where are they or what are the plans of the regulator.

555

01:38:33.870 --> 01:38:44.970

Prof Snail ka Mtuze: As it stands, maybe I can answer that one the information regulator as a central office and, as we know, they are lot of.

556

01:38:45.480 --> 01:38:57.270

Prof Snail ka Mtuze: strength currently going through all government departments, as well as Chapter nine and the information regulator and has thought about having provincial provinces.

557

01:38:57.870 --> 01:39:13.500

Prof Snail ka Mtuze: But that is something that will need to be explored, together with other possible chapter nine institution American assistant receiving complaints or the life, so I hope that that answers that question.

558

01:39:15.090 --> 01:39:28.650

Prof Snail ka Mtuze: Let me see there's another question here on Facebook, please advise on the exemptions of compiling a higher manual and we've had miss tilly speak to that one already.

559

01:39:29.280 --> 01:39:45.180

Prof Snail ka Mtuze: Okay, but, but specifically hold on the CD don't go away and also when the industry's list will be updated in order to determine which companies really required user over to university.

560

01:39:46.710 --> 01:39:47.520

Alison Tilley: Thanks for us yeah.

561

01:39:48.030 --> 01:39:57.120

Alison Tilley: And so, so just to say that I will make sure that this is up on our website if it's not there ready, but let me give you the long version.

562

01:39:58.530 --> 01:40:01.950

Alison Tilley: Which is it's it's in a government because.

563

01:40:03.150 --> 01:40:07.140

Alison Tilley: The government Government Gazette numbers 39504.

564

01:40:09.660 --> 01:40:16.830

Alison Tilley: It was issued on the 11th of December 2015 and there has been an extension of that.

565

01:40:18.630 --> 01:40:27.330

Alison Tilley: But the the substance remains the same so you're exempt if you have 50 employees or less or.

566

01:40:28.200 --> 01:40:46.680

Alison Tilley: You have a total turnover that is less than a certain amount which is mentioned in the shade or so, if you are the intention is to say that if you have if you're a small in terms of numbers or you're small in terms of turnover, that you should you should then be exempt.

567

01:40:48.210 --> 01:40:58.830

Alison Tilley: The exemption would be if you're an in the in the agriculture sector 6 million mining and quarrying 22.5 million manufacturing 30 million.

568

01:40:59.670 --> 01:41:07.620

Alison Tilley: electricity, gas and water 30 million construction 15 million retail and motor trade and repair services 45 million.

569

01:41:08.190 --> 01:41:20.130

Alison Tilley: wholesale trade commercial agents and add services 75 million catering accommodation and other trade 1515 million transport, storage and communications 30 million.

570

01:41:20.610 --> 01:41:34.170

Alison Tilley: Finance and business services 30 million and Community special and personal services 15 million, and so it really is it's quite it's quite extensive in terms of the exemptions.

571

01:41:35.670 --> 01:41:49.980

Alison Tilley: From from compiling a manual in terms of the promotion of have access to information, like this obviously all relates to private bodies has nothing to do with public bodies, they are.

572

01:41:50.340 --> 01:42:03.420

Alison Tilley: required to to produce a manual irrespective of their size or or their budget but i'll make sure we have it up on on our on our website just for for easy reference thanks.

573

01:42:03.630 --> 01:42:04.080

Prof Snail ka Mtuze: Thank you.

574

01:42:04.350 --> 01:42:08.190

Prof Snail ka Mtuze: Thank you, Mr Lee here's a question from chanel.

575

01:42:08.370 --> 01:42:19.110

Prof Snail ka Mtuze: frankel, thank you for us in this informative webinar may please provide clarity and compliance regarding enforcement after the first of July.

576

01:42:19.500 --> 01:42:31.530

Prof Snail ka Mtuze: I think chairperson advocate to pull as really concert at the will be full enforcement of the first of July, whether the information officer must be someone within the organization.

577

01:42:31.920 --> 01:42:42.990

Prof Snail ka Mtuze: or an external party and then you draw the analogy here, for instance, where you have the Managing agent visa is the body corporate.

578

01:42:44.130 --> 01:42:56.070

Prof Snail ka Mtuze: Who, in actual fact here would be the information officer, maybe i'll take that one and i'll have to say, the de facto information officer would be.

579

01:42:56.610 --> 01:43:16.740

Prof Snail ka Mtuze: The should I say the chairperson of that body corporate so they would be the information officer and now there's also the second link to that one to say, and this function, we outsource and i'd like to hear on my

colleague to say on that one.

580

01:43:18.150 --> 01:43:18.900

Prof Snail ka Mtuze: missile ah.

581

01:43:23.130 --> 01:43:25.710

Ms.Varsha Sewlal : Executive Legal: Sorry Confucius please repeat that.

582

01:43:26.160 --> 01:43:39.540

Prof Snail ka Mtuze: Yes, yes, yes, yes, and it, you know, the first question was in a corporate and managing agent situation, who or what would be the information profits are so you know.

583

01:43:40.170 --> 01:43:47.370

Prof Snail ka Mtuze: already said that look the de facto responsible party would be the god, the body corporate with.

584

01:43:48.240 --> 01:44:04.080

Prof Snail ka Mtuze: Owners Day, it would be the de facto responsible party, but in terms of the information officer Now the question here is would one be able to outsource this, in other words the Managing agent, for instance, he able to register itself as a.

585

01:44:05.520 --> 01:44:07.050

Prof Snail ka Mtuze: Chief information officer.

586

01:44:09.420 --> 01:44:18.090

Ms.Varsha Sewlal : Executive Legal: i'm going to pass this one to missed an mcc church and i'm not entirely certain because I know that in the case of have a private body.

587

01:44:19.170 --> 01:44:28.980

Ms.Varsha Sewlal : Executive Legal: You know, with relating to a partnership, it would be, it could be someone authorized by the by the partner but i'm not entirely sure, with the body copy to massive Mitch.

588

01:44:29.640 --> 01:44:32.940

Prof Snail ka Mtuze: Cinema see can we pick your brain on this one.

589

01:44:33.000 --> 01:44:40.530

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: So we thank you so much, have we have actually highlighted this in the guidance, not for insertion of information officer.

590

01:44:40.950 --> 01:44:48.270

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: That you cannot outsource the function of information officer, for example, to a company or somebody outside the organization.

591

01:44:48.690 --> 01:45:01.620

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: And this is mainly because the accountability means with the head of the institution, and you can only offer eyes if you're just the person somebody as within that organization to be an information officer.

592

01:45:02.010 --> 01:45:15.360

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: But that functional cannot be outsourced at all, and even the dpt information officer, it has to be an employee, and this, you can find if you go to session 17 of iron it takes really indicate that.

593

01:45:16.440 --> 01:45:33.870

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: You designate a person editing taken into consideration the legislative requirements that regulate a lead by environments that actually tells you that the legislature requires an employee, to be a different information so those cannot be outsourced at all.

594

01:45:34.890 --> 01:45:35.220

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Thanks.

595

01:45:36.210 --> 01:45:37.680

Prof Snail ka Mtuze: Thank you, thank you, Mr and Mrs to.

596

01:45:37.680 --> 01:45:39.420

Prof Snail ka Mtuze: See, I see ya.

597

01:45:39.480 --> 01:45:54.000

Prof Snail ka Mtuze: There was a question by anonymous, but it was early in the the workshop I signed on specifically on this workshop to hear about travel authorization pose of public information officers.

598

01:45:54.630 --> 01:46:08.430

Prof Snail ka Mtuze: Yet we are hearing another peer overview i'm paragraph in what you said, by the way, and on us he signed on to receive guidance I respectfully would like to say anonymous I think we are dealing with.

599

01:46:09.300 --> 01:46:21.000

Prof Snail ka Mtuze: prior authorization questions, we are also dealing with

the aspects relating to registration of information officers and you are you're more than welcome.

600

01:46:21.540 --> 01:46:29.460

Prof Snail ka Mtuze: To to ask any question relating to the codes of conduct and during the course of the sessions will have a bit of time.

601

01:46:30.390 --> 01:46:46.170

Prof Snail ka Mtuze: Then we have a question here by marine night, is there a checklist or an example of what is required to simply become compliant think i'm going to ask you i'm going to ask to answer that one.

602

01:46:47.850 --> 01:46:59.010

Prof Snail ka Mtuze: There is no checklist However, we do have what we call the eight conditions right and it may sound, now that it's another PR overview.

603

01:46:59.490 --> 01:47:07.710

Prof Snail ka Mtuze: But the eight conditions for local processing, those are the foundation for processing personal information lawfully.

604

01:47:08.580 --> 01:47:20.280

Prof Snail ka Mtuze: So, in order to be compliant you should process, first of all within those boundaries of of you know, the eight lawful conditions in the maybe.

605

01:47:20.820 --> 01:47:33.930

Prof Snail ka Mtuze: Other categories like special person nation and as we've now also heard, there are other categories and in terms of seven register, it may require prior authorization.

606

01:47:34.470 --> 01:47:45.390

Prof Snail ka Mtuze: Right now, the is a question here from bianca skippers but company fails to register the information officer before the deadline.

607

01:47:45.990 --> 01:47:56.910

Prof Snail ka Mtuze: What will the implications be due to the technical errors from the side of the inflammation regulate, in other words what bank has asking.

608

01:47:57.330 --> 01:48:12.450

Prof Snail ka Mtuze: Considering the fact that they are technical glitches on a regular website and would this be a reason to condone not having registered by the first of July I get one of the colleagues to answer that.

609

01:48:15.600 --> 01:48:26.340

Ms.Varsha Sewlal : Executive Legal: i'll take it, I don't think they can we know we can't hold people accountable, when our systems are unable to to deal with the applications that are coming through thanks.

610

01:48:29.040 --> 01:48:29.610

Ms.Varsha Sewlal : Executive Legal: Right.

611

01:48:29.730 --> 01:48:30.270

Okay.

612

01:48:31.500 --> 01:48:45.180

Prof Snail ka Mtuze: Then we have another question here, I see it, it really relates to the system, it says, while the system for registration of information officer, at the same question.

613

01:48:46.800 --> 01:48:56.910

Prof Snail ka Mtuze: missoula I see here this one specifically addressed you missile law when you respond to the question on registering one over multiple responsible parties.

614

01:48:57.360 --> 01:49:10.350

Prof Snail ka Mtuze: Please also address number one when we can expect guidance from the regulator respect of facts, as we have a guidance, that the deadline apology of the 30th of June printed and.

615

01:49:10.860 --> 01:49:25.830

Prof Snail ka Mtuze: And will the regulated be granting and extension also we cannot register deputy information officers without registering I have a question from the wrong show mohali.

616

01:49:28.290 --> 01:49:34.830

Ms.Varsha Sewlal : Executive Legal: And thank, thank you for the question I think i've tried in piecemeal forms to answer that in various other responses.

617

01:49:35.160 --> 01:49:42.060

Ms.Varsha Sewlal : Executive Legal: But basically all of these issues, I have been put together and they've been escalated to the it team.

618

01:49:42.390 --> 01:49:49.230

Ms.Varsha Sewlal : Executive Legal: And as soon as they have been resolved the regulator's going to publish a notice on on our social media platforms.

619

01:49:49.590 --> 01:50:03.960

Ms.Varsha Sewlal : Executive Legal: and on our website regarding the status of the portal, and we fully aware of all the of the multiple concerns that have that people have been experiencing while trying to register information officers, thank you for for that.

620

01:50:04.620 --> 01:50:05.490

Prof Snail ka Mtuze: Thank you, my solo.

621

01:50:06.330 --> 01:50:07.410

Prof Snail ka Mtuze: We have another question here.

622

01:50:07.410 --> 01:50:09.090

Prof Snail ka Mtuze: By Mike earns.

623

01:50:11.520 --> 01:50:20.670

Prof Snail ka Mtuze: I assume, is trying to say, can the advocate please explain, yes, what is meant by exclusion under section six of the act.

624

01:50:22.050 --> 01:50:45.030

Prof Snail ka Mtuze: and must be at here to fdic, in other words, financial intelligence and the disaster management act as we are in the gambling industry Okay, the question is a little bit confusing but, but to the extent of section six and Section seven I think advocate weapons can you answer that question.

625

01:50:49.050 --> 01:50:58.020

Prof Snail ka Mtuze: I think Africa equipment is is not connected right now I think in terms of section six and i'll take the question then.

626

01:50:58.560 --> 01:51:10.020

Prof Snail ka Mtuze: Obviously, in terms of session six there's certain exclusions information that is purely for household purpose information that is you know.

627

01:51:10.980 --> 01:51:19.170

Prof Snail ka Mtuze: De identified, in other words, this is not information that is no more identifiable remember we said in terms of Section one.

628

01:51:19.740 --> 01:51:33.630

Prof Snail ka Mtuze: and personal information relates to an identifiable living natural person or if it's identified none so de identified number two if it's a purely households and action.

629

01:51:34.110 --> 01:51:54.450

Prof Snail ka Mtuze: And as you correctly pointed out there in the interest of

national security, for instance in the during the covert situation as the perfect legislation that that didn't necessarily exclude the book yeah but you know, there was certain compliance that had to happen in terms of at.

630

01:51:55.500 --> 01:52:06.570

Prof Snail ka Mtuze: Any also have you know section six talks about law enforcement in in trying to investigate serious criminal offenses as well as.

631

01:52:07.110 --> 01:52:24.240

Prof Snail ka Mtuze: Like you mentioned the financial intelligence Center is a people that have to process personal information and will be covered by six, as well as the State President and his cabinet, as well as a provincial council, together with a.

632

01:52:25.830 --> 01:52:32.160

Prof Snail ka Mtuze: provincial head right so going to the next question yeah.

633

01:52:34.530 --> 01:52:38.550

Prof Snail ka Mtuze: I didn't want to go into the exceptions of.

634

01:52:39.690 --> 01:52:42.930

Prof Snail ka Mtuze: Seven hopefully someone else will asked about Section seven.

635

01:52:43.950 --> 01:52:54.930

Prof Snail ka Mtuze: And we have a question here from john Carlos Vargas today information regulator panelists, I would like to contribute the following question.

636

01:52:55.470 --> 01:53:07.920

Prof Snail ka Mtuze: What procedure has established the information regulator to amend mistakes EG run emails on the information officer and deputy information.

637

01:53:08.340 --> 01:53:21.600

Prof Snail ka Mtuze: officer registration because that's a bit of a technical question regarding the website I don't know if anyone wants answer, let me time to look at other questions I see miss allows cameras on.

638

01:53:22.380 --> 01:53:25.470

Ms.Varsha Sewlal : Executive Legal: me, I thank you, this is part of the second phase.

639

01:53:25.470 --> 01:53:26.400

Ms.Varsha Sewlal : Executive Legal: of our.

640

01:53:26.490 --> 01:53:31.020

Ms.Varsha Sewlal : Executive Legal: off the portal where we dealing with amendments and I to rectify any.

641

01:53:34.080 --> 01:53:34.620

Prof Snail ka Mtuze: Thank you.

642

01:53:35.100 --> 01:53:36.780

Prof Snail ka Mtuze: Thank you missile on that one.

643

01:53:37.170 --> 01:53:40.680

Prof Snail ka Mtuze: We have a question here by Charlene.

644

01:53:42.840 --> 01:53:53.880

Prof Snail ka Mtuze: Charlene says Good morning, if our group of companies and to enter into binding corporate rules okay so i'm smelling sections in two.

645

01:53:54.480 --> 01:54:07.020

Prof Snail ka Mtuze: Is it still necessary for all the companies to all enter into separate data processing agreements with each other or with the binding corporate rules be sufficient.

646

01:54:07.710 --> 01:54:22.080

Prof Snail ka Mtuze: actually quite interesting because you know if we if we look specifically at section 20 right, in other words, now I initially thought you were going to ask about trans border and termination sexism do.

647

01:54:22.950 --> 01:54:36.450

Prof Snail ka Mtuze: Looking now, at this particular question and it's a legal obligation in terms of sections 20 and 21 read together that any responsible party that processes.

648

01:54:36.930 --> 01:54:51.450

Prof Snail ka Mtuze: personal information or together with it's awkward you must have written agreements pertaining to the safety and security and the quality pertaining to that personal information so.

649

01:54:52.500 --> 01:55:04.500

Prof Snail ka Mtuze: To the extent of adequacy i'm not quite sure if I can answer that because the person hasn't given enough information you have anonymous.

650

01:55:05.910 --> 01:55:07.770

Prof Snail ka Mtuze: I see this, a lot of anonymous people.

651

01:55:09.030 --> 01:55:16.200

Prof Snail ka Mtuze: In the context of group of companies where it takes a subject has a contract with and legal entity in the group.

652

01:55:16.830 --> 01:55:30.270

Prof Snail ka Mtuze: Can that data subject be considered as being regarded as a data subject or customer of the group of companies, since the companies all have the same branding.

653

01:55:30.720 --> 01:55:51.570

Prof Snail ka Mtuze: and operate for the same purpose i'm tempted to answer the section 69 question myself but as hoping, maybe one of the the other panelists would be willing to deal with section 69, in particular the the provisions pertaining to direct marketing.

654

01:55:53.550 --> 01:55:54.480

Prof Snail ka Mtuze: that's the luck.

655

01:55:54.600 --> 01:55:59.100

Ms.Varsha Sewlal : Executive Legal: I think i'll just I think you're going to have to seek your consent if you're looking at.

656

01:56:00.510 --> 01:56:02.460

Ms.Varsha Sewlal : Executive Legal: If you look at section 69 one.

657

01:56:02.820 --> 01:56:06.240

Ms.Varsha Sewlal : Executive Legal: So, and I think i've also replied to that question on the chat and not.

658

01:56:06.240 --> 01:56:14.730

Ms.Varsha Sewlal : Executive Legal: charge, it was a three pronged question and and I did stage that you're going to have to just secure content in that regard.

659

01:56:15.270 --> 01:56:15.570

Prof Snail ka Mtuze: Yes.

660

01:56:16.140 --> 01:56:18.150

Prof Snail ka Mtuze: It looks like was a similar question to.

661

01:56:18.150 --> 01:56:24.300

Prof Snail ka Mtuze: That, again, but thank you very much less alone for assisting that right.

662

01:56:25.980 --> 01:56:27.120

Prof Snail ka Mtuze: Show mohali.

663

01:56:28.410 --> 01:56:39.180

Prof Snail ka Mtuze: advocate mentioned that appear has no extraterritorial occasion, however, please advise section three be Roman to.

664

01:56:40.080 --> 01:56:47.820

Prof Snail ka Mtuze: appear in front of me, but I think they talking about that section that talks about the application of the papaya.

665

01:56:48.600 --> 01:56:57.210

Prof Snail ka Mtuze: In the instance where there is processing of personal information, even by a foreign company using the infrastructure.

666

01:56:57.630 --> 01:57:13.470

Prof Snail ka Mtuze: In South Africa, so, in essence, that is, that look we in our peer then people get very, very straight from the beginning, the puppy there's nothing under the gdpr, nor is it a mirror of Convention one or eight plus.

667

01:57:13.980 --> 01:57:27.690

Prof Snail ka Mtuze: I ever write as much as we don't have this extra tutorial location in the gdpr that explicitly talks about assessing of personal information of EU citizens right.

668

01:57:28.080 --> 01:57:35.370

Prof Snail ka Mtuze: And it is, I have a clear that if there is a link to the Republic in terms of processing of the personal information.

669

01:57:36.360 --> 01:57:47.910

Prof Snail ka Mtuze: Then the South African inflammation regulator would have jurisdiction to deal with anything related to that, then we have a question here from.

670

01:57:48.690 --> 01:58:00.810

Prof Snail ka Mtuze: Danny gwen gwen hope I can pronounce the name correctly me, what is the regulated you and the extent of the responsible parties duty.

671

01:58:01.560 --> 01:58:11.310

Prof Snail ka Mtuze: Open bracket intermediaries and the insurance company close bracket to ensure compliance by third party sub processes.

672

01:58:11.940 --> 01:58:21.120

Prof Snail ka Mtuze: Such as and I don't want to mention the name of the insurance company level it is reference to the website sufficient.

673

01:58:21.750 --> 01:58:34.950

Prof Snail ka Mtuze: So I think, once again, this is the whole situation of the data subject the responsible party and the operator, so you know the data subject gives his.

674

01:58:35.370 --> 01:58:45.840

Prof Snail ka Mtuze: personal information to the responsible party responsible, it is accountable to the data subject responsible party, however, in fulfilling it will then lead.

675

01:58:46.230 --> 01:58:56.730

Prof Snail ka Mtuze: To the data subject requires an operator and then in terms of 2021 read together, there are certain obligations in terms of written.

676

01:58:57.060 --> 01:59:07.140

Prof Snail ka Mtuze: contracts that must be signed by both parties confirming that the operator will respect the personal information in particular.

677

01:59:07.560 --> 01:59:30.810

Prof Snail ka Mtuze: That keep it as safe and secure as the responsibility of the responsible party hi here is an NBC, thank you for the webinar will there be any guidance on what falls outside the image of the responsible parties little intimate interest in the context of processing of personalities mesh.

678

01:59:32.550 --> 01:59:34.860

Prof Snail ka Mtuze: The anyone wants to grab this one.

679

01:59:41.850 --> 01:59:55.590

Ms.Varsha Sewlal : Executive Legal: I think i'll just have a shot at it, I think it's one of those matches that we have to develop a guidance note on legitimate interest I think some we've already done some work in that regard, and it will be for.

680

01:59:59.430 --> 02:00:00.570

Pansy Tlakula: Your voices and.

681

02:00:00.630 --> 02:00:05.970

Pansy Tlakula: I think your your your your audio it kind of unstable.

682

02:00:06.690 --> 02:00:08.250

Pansy Tlakula: Sorry sorry.

683

02:00:12.150 --> 02:00:13.080

Prof Snail ka Mtuze: i'm a solo.

684

02:00:13.350 --> 02:00:16.350

Prof Snail ka Mtuze: chapters just asked you to kind of repeat what you said.

685

02:00:17.340 --> 02:00:24.960

Ms.Varsha Sewlal : Executive Legal: Sure, I said some work has been done in this regard, already and and they will be something for coming on legitimate interest.

686

02:00:25.440 --> 02:00:27.060

Prof Snail ka Mtuze: Thanks, thank you very much muscle.

687

02:00:27.690 --> 02:00:29.910

Prof Snail ka Mtuze: And bone back to the Facebook questions.

688

02:00:30.360 --> 02:00:35.130

Prof Snail ka Mtuze: We have a question here from lujan Alex.

689

02:00:36.870 --> 02:00:49.800

Prof Snail ka Mtuze: Murphy man, I hope, that's correct and if we have one, I have two entities in the meantime, can we add the Di or, in other words, the deputy information officer.

690

02:00:50.280 --> 02:01:02.880

Prof Snail ka Mtuze: As the I O, for the second entity and other implications and amending the near future, and now we've had several answers missile is also answered regarding phase two.

691

02:01:04.140 --> 02:01:07.560

Prof Snail ka Mtuze: numbers do you want to give a want to give us a box.

692

02:01:09.570 --> 02:01:13.410

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: I think babyface lives to address the issue of appointment.

693

02:01:13.440 --> 02:01:14.220

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Of sort of.

694

02:01:14.310 --> 02:01:22.020

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: An underpayment designation of diversity information officer and and and delegation of certain power to divulge information officer.

695

02:01:22.500 --> 02:01:31.740

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: With regard to day designation of different information officer that's not compulsory, it depends on the operation of the organization, so if you are a big corporation.

696

02:01:32.070 --> 02:01:40.050

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: you'll find that the see always the information of is that it's quite busy is advisable for that organization to consider when disseminating.

697

02:01:40.350 --> 02:01:49.410

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: one or more tibbetts information officers in i'll give an example of a private company decompression like Coca Cola, for example, so that you give an example of that nature.

698

02:01:49.770 --> 02:01:56.400

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: But it's a big corporation that may have so many employees the CEO of that company fund that you will hardly be in the office.

699

02:01:56.940 --> 02:02:06.840

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: But as the regulator, we expect that when a request for access to information or request for any access to pass on information is must be processed as soon as possible.

700

02:02:07.230 --> 02:02:13.020

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: If if then that's where your requirement, because I know for the information officer to ensure that.

701

02:02:13.440 --> 02:02:22.080

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: He or she doesn't fail to comply with these require in terms of puppy empire, they have to consider putting a deputy information officer.

702

02:02:22.560 --> 02:02:31.890

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: and disseminating information of is

that it's intended to assist that information officer in processing end of the quest that may be brought to that organization.

703

02:02:32.190 --> 02:02:39.600

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Because there's a severe consequences for non compliant, so it is in the interest of the organization and the information officer.

704

02:02:39.930 --> 02:02:50.760

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: To actually consider appointing a deputy information officer, but it is not compatible to do so it's a discussion of the information of the that you need someone to to assist you in.

705

02:02:51.270 --> 02:03:05.670

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: performing your obligation Prof now that may be a good platform should I use my platform and address one aspect of the payer manual as the question keeps on climbing about the fire manual and exemption we regulate at the current exertion is.

706

02:03:05.820 --> 02:03:06.810

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: coming to an end.

707

02:03:06.870 --> 02:03:17.850

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: If i'm not mistaken, is the end of June it's in the next two weeks, we have the question of the Minister of Justice to extend the current that the Member to the touch on that to extend the police, the.

708

02:03:18.210 --> 02:03:27.990

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: The collect exemption of from other certain private body to compile EPI a manual with a question a six month extension up to the end of.

709

02:03:28.410 --> 02:03:34.410

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: December 2021, in other words the intercession days that come to face of general.

710

02:03:35.100 --> 02:03:44.340

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Going forward, we will then everybody will have to compile a pyre manual that that was the intention that we have, so the current payment.

711

02:03:44.850 --> 02:03:58.410

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: exemption will be we have Chris or the minister, while we do with the Minister to the issue that the the gazette

to confirm the extension for the next six months, but from the best of January, we expect every private what is to compile the pay a minute.

712

02:03:58.620 --> 02:03:58.920

Thanks.

713

02:04:00.300 --> 02:04:15.540

Prof Snail ka Mtuze: Thank you, the cinema see I see here as a repeat question that we get all this from these webinars, it is a question from kid Tom Tom dial contender right.

714

02:04:16.440 --> 02:04:30.120

Prof Snail ka Mtuze: If there is a data breach along to the responsible party take to report to the regulates it says the breach should be reported, but not specific time it actually is.

715

02:04:31.020 --> 02:04:37.560

Prof Snail ka Mtuze: Specific it says within a reasonable time now obviously what is not reasonable to me may not be reasonable to you.

716

02:04:38.070 --> 02:04:44.550

Prof Snail ka Mtuze: But, in essence, I think the guidance that one was can give is that, as soon as reasonably possible.

717

02:04:45.000 --> 02:04:53.790

Prof Snail ka Mtuze: As soon as reasonably possible that we have detected the speech, please specify the subject and the office of the information regulator.

718

02:04:54.210 --> 02:05:04.320

Prof Snail ka Mtuze: And and and the section goes further it actually says, the only instance, when you made the lay the reporting either to regulate the subject.

719

02:05:04.860 --> 02:05:18.480

Prof Snail ka Mtuze: Is if law enforcement and it requires this this investigation to be on the hash, in other words, where you have cyber criminal that they either trying to attract or that point to.

720

02:05:19.380 --> 02:05:34.620

Prof Snail ka Mtuze: You know tracy's were about without raising the whistle under those circumstances, you would be allowed to delay, but like I said it's what is reasonable to me may not be reasonable to you.

721

02:05:35.220 --> 02:05:49.920

Prof Snail ka Mtuze: Right, then we have another question here from the whatsapp group inside the Facebook group I keep forgetting that they'll also share, there is a question from vimto she Cooper.

722

02:05:51.330 --> 02:06:13.830

Prof Snail ka Mtuze: Is the head of an organization open bracket the default information officer close bracket who authorizes and information officer, I assume, what you mean in his place, and who would be accountable in terms of that thickness analysis in our Atlanta speaks to that he could maybe give.

723

02:06:15.630 --> 02:06:16.740

Prof Snail ka Mtuze: An answer to that.

724

02:06:21.960 --> 02:06:32.010

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: A in that guy look if, once you have stagnated, for example, subtle powers or delegate it to a different information officer, the chief.

725

02:06:32.760 --> 02:06:43.650

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: Information officer means accountable, but then, if you then authorized somebody as an information officer I think that's where i'm not sure if we've covered this in the guidance, not our middle as.

726

02:06:44.400 --> 02:06:55.620

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: sort of advocate weapon to advise on that aspect as to the issue of accountability in respect of situation where in we have authorized somebody as an information officer.

727

02:06:55.890 --> 02:07:06.570

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: But I am aware that, in respect of dissemination or delegation of positivity information officer, the the information of his other means accountable in that regard thanks.

728

02:07:08.040 --> 02:07:09.210

Prof Snail ka Mtuze: Thank you very much.

729

02:07:11.550 --> 02:07:12.570

Prof Snail ka Mtuze: I think now.

730

02:07:13.500 --> 02:07:30.570

Prof Snail ka Mtuze: In us looking at all of the questions in the q&a and I see here in the chat box, we have other questions as well, so i'm going to try and address those we have a question here from a son de em.

731

02:07:31.530 --> 02:07:52.260

Prof Snail ka Mtuze: High because clarify the development of code of conduct application for development of one's own put an invalid institution be deemed compliant if they're not ready at the first of July missoula were asked you to kindly address this question regarding the codes of conduct.

732

02:07:53.700 --> 02:08:04.680

Ms.Varsha Sewlal : Executive Legal: Certainly, you know it's not I mean there were a few questions about whether or not you have to develop a code of conduct and section 63 I think it is all one thing.

733

02:08:05.700 --> 02:08:19.320

Ms.Varsha Sewlal : Executive Legal: You may developer code so it's section 63 a code of conduct may apply in relation to the certain categories that are stipulated in the act so it's not compulsory for you to develop a code of conduct.

734

02:08:20.010 --> 02:08:24.540

Ms.Varsha Sewlal : Executive Legal: And if you if there are certain processing activities that require prior authorization.

735

02:08:24.990 --> 02:08:37.800

Ms.Varsha Sewlal : Executive Legal: Then you would apply for prior authorization and if your code of conduct is going to address those processing activities and you don't need to apply for prior authorization in that regard, so to a large extent.

736

02:08:38.580 --> 02:08:51.270

Ms.Varsha Sewlal : Executive Legal: A code of conduct is a self regulate tree or a self accountability to it's not compulsory for you to to develop a code of conduct it would depend on the needs of that sector.

737

02:08:52.560 --> 02:08:53.520

Prof Snail ka Mtuze: Thank you very much.

738

02:08:54.030 --> 02:08:54.540

Okay.

739

02:08:55.560 --> 02:09:00.000

Prof Snail ka Mtuze: We have further questions here as know as well.

740

02:09:01.050 --> 02:09:10.710

Prof Snail ka Mtuze: Many organizations have pyre manuals up on their website if the information of it is not identified in the pyre manual.

741

02:09:11.970 --> 02:09:15.660

Prof Snail ka Mtuze: Is it, by default, the C E o

742

02:09:16.710 --> 02:09:20.250

Prof Snail ka Mtuze: Well, I think I can answer that for you, almost there was busy.

743

02:09:20.760 --> 02:09:23.520

Prof Snail ka Mtuze: And you know, still do Sunday, you can.

744

02:09:24.390 --> 02:09:25.410

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: If it's bad.

745

02:09:25.830 --> 02:09:27.150

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: I wanted to say that.

746

02:09:27.690 --> 02:09:40.380

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: The eggs prescribe the requirement that how their mind y'all should be compiled and if you're not identify your information officer in the manual then that might not is non compliance with the amount of the act.

747

02:09:40.890 --> 02:09:52.950

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: And therefore, you have to ensure that your pyre manual contain all the information as prescribed in the Act, the information of the infamous the contact details of the information officer.

748

02:09:53.280 --> 02:10:05.340

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: And that have the duty information officer if they have the same activity information officer must be in the manual because the purpose of that manual is to enable the people who may want to request.

749

02:10:06.030 --> 02:10:16.020

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: access to the information of that particular body to be able to know who to contact and how to contact them, so if that information is not there that manual is not compliant.

750

02:10:16.290 --> 02:10:32.160

Mr Ntsumbedzeni Nemasisi: Executive-PAIA: And from the 30th of June, when we take over the prior function and first of July, when our enforcement power we exercise enforcement or the regulator, we will obviously our compliance unit will be taking action against those who may not be compliant thanks.

751

02:10:37.710 --> 02:10:40.050

Prof Snail ka Mtuze: Thank you, Mr numbers, etc, I was talking with my.

752

02:10:41.370 --> 02:10:50.010

Prof Snail ka Mtuze: alpha that that we have further questions here that maybe just to to address complaints.

753

02:10:51.150 --> 02:11:00.390

Prof Snail ka Mtuze: You know, in a webinar of this nature, we have more than close to 400 attendees and there's a lot of questions and answers coming in.

754

02:11:00.930 --> 02:11:09.600

Prof Snail ka Mtuze: As me select the questions we try and not duplicate them in no way are we not answering any of the questions that are asked here.

755

02:11:10.200 --> 02:11:21.870

Prof Snail ka Mtuze: And what we usually do at the end of this wi fi and collect all the questions and then the regulator will sit down and analyze these questions and try to communicate.

756

02:11:22.740 --> 02:11:33.330

Prof Snail ka Mtuze: In a mess form some of the the the issues that were addressed here me not just once or twice as many times, so please rest assured.

757

02:11:33.810 --> 02:11:40.050

Prof Snail ka Mtuze: Whatever questions that have been asked here i'm not going to be passed out are going to collect all these questions.

758

02:11:40.500 --> 02:11:49.890

Prof Snail ka Mtuze: And and we're going to try and address them in an alternative method right, then we have a question here by Mohammed moosa.

759

02:11:50.850 --> 02:12:01.860

Prof Snail ka Mtuze: Please define the definition of credit reporting, as per the guidance nerds on prior authorization if an entity does not create credit report.

760

02:12:02.310 --> 02:12:19.740

Prof Snail ka Mtuze: At places reliance and such credit ought to determine a better sentence credit dizziness or created karate purposes, what one require prior authorization that's a nice interest one police wants to grab this one.

761

02:12:21.030 --> 02:12:21.870  
Prof Snail ka Mtuze: Mr Mrs.

762

02:12:22.530 --> 02:12:23.640  
Mr Ntsumbedzeni Nemasisi: Executive-PAIA: We thanks.

763

02:12:24.780 --> 02:12:33.180  
Mr Ntsumbedzeni Nemasisi: Executive-PAIA: We have clarified this in the guidance note by providing a guidance as to what is the credit reporting, it means so if, for example.

764

02:12:34.140 --> 02:12:45.720  
Mr Ntsumbedzeni Nemasisi: Executive-PAIA: You are not creating a clear remember the clinical putting includes whatever information that you collect at the end for you to come to be required to be considered as a credit reporting, you must develop a report.

765

02:12:46.170 --> 02:12:56.100  
Mr Ntsumbedzeni Nemasisi: Executive-PAIA: And the credit industry, like, for example, the banks do not credit do not create a report on when they collect information is the credit Bureau that create a report.

766

02:12:56.430 --> 02:13:03.060  
Mr Ntsumbedzeni Nemasisi: Executive-PAIA: So the credit reporting is actually the credit bureau who those are the people who credit to create a report.

767

02:13:03.330 --> 02:13:10.650  
Mr Ntsumbedzeni Nemasisi: Executive-PAIA: With the banks use that report for them to profess process applications, so that people who are supposed to apply for credit.

768

02:13:10.950 --> 02:13:22.020  
Mr Ntsumbedzeni Nemasisi: Executive-PAIA: For for for personalization in so far as the question of the report clearly to the body is actually the credit bureau, they are, they will collect our information based on a.

769

02:13:22.350 --> 02:13:39.480  
Mr Ntsumbedzeni Nemasisi: Executive-PAIA: collection of information or payment profile then create a report which that report is the one that gets used by the banks or financial institution, so they transition is only applicable in so far as a credit reporting is content by the credit bureau thanks.

770

02:13:40.500 --> 02:13:48.960  
Prof Snail ka Mtuze: Thank you, Mr nessie there's a there's an interesting question here by the CIRCA Good afternoon, what happens is my company does not

have a website.

771

02:13:49.830 --> 02:13:59.700

Prof Snail ka Mtuze: Will they be noncompliant is they keep all that documents internally and provide same on request I think there's a big miss norma.

772

02:14:00.180 --> 02:14:09.480

Prof Snail ka Mtuze: At the papaya only regulates personal information that is digital space any personal information is in the bricks and mortar world.

773

02:14:09.870 --> 02:14:21.330

Prof Snail ka Mtuze: or hardcopy documents right all of that would fall within the realm of personal information and we have a question here regarding sense.

774

02:14:21.990 --> 02:14:34.920

Prof Snail ka Mtuze: I know I know our chairperson is very passionate about consent, please advise whether it is true that we need to get consent from the people for posting a picture of them.

775

02:14:35.310 --> 02:14:44.310

Prof Snail ka Mtuze: After having taken the same there is a post that is circulating that it will become illegal to do so i've actually seen that first myself.

776

02:14:45.330 --> 02:14:55.530

Prof Snail ka Mtuze: By posting someone else's picture without their consent, I think if, if I can just unpack consent just answer.

777

02:14:56.910 --> 02:14:59.760

Prof Snail ka Mtuze: Any bandwidth over to you to prison.

778

02:15:02.250 --> 02:15:09.450

Pansy Tlakula: Yes, consent in terms of copia means it's a consent, has to be specific, it has to be.

779

02:15:10.470 --> 02:15:23.490

Pansy Tlakula: just looking at it has to be voluntary, it has to be specific, and it has to be informed, so I think what should happen when we enter conferences or.

780

02:15:24.840 --> 02:15:28.410

Pansy Tlakula: like this, like with this you so when this webinar is that.

781

02:15:29.430 --> 02:15:50.460

Pansy Tlakula: There was a notice to say this webinar will be recorded I think we'll have to they have to be a paradigm shift in the way that we are doing things before we just take people's photos, we have to get their consent to say, can you consent to me taking this for 25 take it.

782

02:15:51.630 --> 02:16:03.330

Pansy Tlakula: Do you consent to us publishing it, because in conferences people take our photos and in our photos all over the place without the consent our consent been obtained, so that has to change.

783

02:16:03.750 --> 02:16:10.620

Prof Snail ka Mtuze: Thank you, thank you Jay whilst whilst I have you on this one chair here's another one that I know you're very passionate about.

784

02:16:11.280 --> 02:16:31.680

Prof Snail ka Mtuze: Section three to be of the appear provides that, in any other legislation provides for conditions for law for processing that are more extensive than the set up in Chapter three, in other words the the eight conditions for lawful processing which law will prevail, thank you.

785

02:16:34.200 --> 02:16:37.860

Pansy Tlakula: A similar question on the chat with which I have responded.

786

02:16:38.940 --> 02:16:51.600

Pansy Tlakula: The one that takes precedence or primacy is the one that provides more extensive protection, so that if there is a piece of legislation that provides more extensive.

787

02:16:52.020 --> 02:17:01.380

Pansy Tlakula: Protection of personal information than appear that piece of legislation will take precedence over peer, to the extent that it provides.

788

02:17:01.830 --> 02:17:22.680

Pansy Tlakula: A more protection, the question that arose from that or that arises, which I saw on the churches, who makes that determination, who determines a which legislation takes primacy in over the other, and I said, it is the information regulator that which makes that determination, thank you.

789

02:17:23.190 --> 02:17:26.040

Prof Snail ka Mtuze: Sir, I see a question from Mike.

790

02:17:26.100 --> 02:17:28.230

Prof Snail ka Mtuze: burns very interesting one.

791

02:17:29.580 --> 02:17:42.750

Prof Snail ka Mtuze: Concerning whether or not a picture that has been taken for journalistic purposes, whether that would be included or excluded within the definition.

792

02:17:43.200 --> 02:17:56.580

Prof Snail ka Mtuze: Of papaya Obviously, this would not fall within the round of 16 seven nine see miss tilly will come and give us an explanation of Section seven Activity mystery.

793

02:17:59.190 --> 02:18:00.150

Prof Snail ka Mtuze: mystery your MIC.

794

02:18:02.340 --> 02:18:15.720

Alison Tilley: you're ahead of me perhaps having your MIC on and in terms of identifying Section seven and one of the one of the things that we have to remember with with puppy is that there is, there is also an exclusion.

795

02:18:16.290 --> 02:18:25.860

Alison Tilley: In puppy which relates to journalistic literary and artistic purposes, so the APP doesn't apply, and then the access specifically.

796

02:18:27.150 --> 02:18:35.130

Alison Tilley: To the processing of personal information solely for the purpose of journalistic luxury or artistic expression.

797

02:18:36.180 --> 02:18:44.820

Alison Tilley: To the extent that such an exclusion is necessary to reconcile as a matter of public interest, the right to privacy, with the right to freedom of expression.

798

02:18:45.300 --> 02:18:52.500

Alison Tilley: I think one of the areas of this has come up recently during during the number of protests have been.

799

02:18:53.400 --> 02:19:10.440

Alison Tilley: The question of whether police can take photographs of the protesters and whether protesters can take photographs of the police and in the circumstances, given that exemption, the answer seems to be generally, yes, but I would I would have to say with all of these things.

800

02:19:11.700 --> 02:19:22.680

Alison Tilley: You know, this is an act certainly puppy pie, to some extent has been tested, but the secretary hasn't been an you know, in full operation we

don't have.

801

02:19:23.160 --> 02:19:38.310

Alison Tilley: jurisprudence on it, we don't have a line of decisions, so we are going to learn from each other and from the courts as to where the exact limits on these things are it doesn't mean we don't have us but.

802

02:19:39.750 --> 02:19:48.150

Alison Tilley: yeah I that's a it's a very interesting exemption, and I think I think will be will be the subject of some some debate.

803

02:19:49.980 --> 02:19:50.520

Prof Snail ka Mtuze: That city.

804

02:19:51.570 --> 02:19:57.660

Prof Snail ka Mtuze: I think the the information regulator as been in contact with the press Council.

805

02:19:58.950 --> 02:20:02.070

Prof Snail ka Mtuze: To to discuss the issue of a code.

806

02:20:03.150 --> 02:20:13.800

Prof Snail ka Mtuze: For the press, you know as envisaged by Section seven you, you mentioned to us the balancing of the interest that the right to privacy, the right to freedom of expression.

807

02:20:14.280 --> 02:20:30.270

Prof Snail ka Mtuze: And, as well as the writer journalist obviously part story and, but there is also the issue of code and we can just show the public that the regulator and the press console has been in contact pertaining to this map.

808

02:20:31.320 --> 02:20:33.540

Prof Snail ka Mtuze: To have you on here in the city, if you don't mind.

809

02:20:34.140 --> 02:20:35.730

Pansy Tlakula: A question Professor.

810

02:20:35.760 --> 02:20:45.930

Pansy Tlakula: Sorry i'm sorry to interrupt you, I have had a message that a the, we have to get off this webinar before 1230.

811

02:20:46.470 --> 02:20:46.950

Prof Snail ka Mtuze: All right.

812

02:20:47.430 --> 02:21:00.270

Pansy Tlakula: Oh, we need to just wrap up, maybe, and maybe after this know some will tell will announce how we going to deal with the questions that have not been answered Thank you sort of for indirect.

813

02:21:00.900 --> 02:21:02.100

Prof Snail ka Mtuze: Thank you, thank you Jay.

814

02:21:02.550 --> 02:21:17.580

Prof Snail ka Mtuze: Okay, so the last question i'm going to ask Thomas today, people are sending unsolicited messages to it and to participate in their networking seminars and so forth, and they explained the position regarding that.

815

02:21:20.040 --> 02:21:20.790

Prof Snail ka Mtuze: microphone.

816

02:21:23.250 --> 02:21:29.580

Alison Tilley: Thank you profit and I think that the difficulty is that this is a business model that has existed for a long time.

817

02:21:30.330 --> 02:21:38.940

Alison Tilley: And in any business model that has existed for a long time, what has become practice may appear, you know normal and completely okay.

818

02:21:39.510 --> 02:21:48.510

Alison Tilley: Well, I think, things are shifting with with the introduction of this legislation, one of the points of this legislation is to make sure that.

819

02:21:48.990 --> 02:21:57.480

Alison Tilley: Your personal information is only processed when you wanted to be when you agree to it being when there's some really good reason for being and my.

820

02:21:57.600 --> 02:21:59.970

Alison Tilley: personal information being processed.

821

02:22:00.930 --> 02:22:12.870

Alison Tilley: Without my consent for a purpose that I don't know about for something that may advantage me but may not advantage me, maybe have no interest to me, is no longer.

822

02:22:13.410 --> 02:22:22.560

Alison Tilley: A good business model it's just not that's that's where we are, so I think I think that that can be frustrating, because your business model can.

823

02:22:23.190 --> 02:22:33.630

Alison Tilley: Literally wrote, I mean we know data is the new URL that's that's why that's why it's we're all interested in it well, some of us have other issues but it's a it's.

824

02:22:34.650 --> 02:22:49.740

Alison Tilley: it's a very important part of doing business in the 21st century and that's one of the reasons why it's been regulated, because it is a very important part of doing business, and you have to do it in such a way that you're not violating people's rights.

825

02:22:50.850 --> 02:22:51.930

Alison Tilley: it's it's.

826

02:22:52.620 --> 02:22:53.730

Alison Tilley: that's just how that is.

827

02:22:54.030 --> 02:23:00.900

Alison Tilley: On the right to privacy is real and the regulator is is is here to step up and protect it.

828

02:23:06.540 --> 02:23:07.320

Prof Snail ka Mtuzi: Oh yes.

829

02:23:07.410 --> 02:23:15.330

Prof Snail ka Mtuzi: advocate, I just want to remind the chairperson did say we need to wrap up but i'm not going to tell you is preserved.

830

02:23:17.070 --> 02:23:29.610

Adv Weapond (Full Time Member: Oh, thank you, thank you prop prop just apologies to everyone, I think there was something wrong with my functionality purchase to a legend a question at the cinema SEC refer to me consenting and acting.

831

02:23:30.660 --> 02:23:42.630

Adv Weapond (Full Time Member: Information officer oh who's authorized and the accountability still remains with actual information officer, because that person is actually the person who has been appointed.

832

02:23:43.440 --> 02:23:49.020

Adv Weapond (Full Time Member: For that specific role and who is recognized in terms of the provisions of poppy and buyer.

833

02:23:49.380 --> 02:23:59.430

Adv Weapond (Full Time Member: But what is also very important concerning the other question that was asked about reasonable time to report the data breach, there are two distinctions that we need to take into account if.

834

02:24:00.360 --> 02:24:11.400

Adv Weapond (Full Time Member: A data breach occurred at the level of an operator will operate on behalf of the responsible party, then the data breach must be reported by the operator to the responsible party.

835

02:24:11.760 --> 02:24:20.790

Adv Weapond (Full Time Member: Where immediately what immediate effect, but the responsible party when they have a dead specific data breach that has come to the.

836

02:24:22.770 --> 02:24:40.890

Adv Weapond (Full Time Member: Knowledge my standard reported with in with in a reasonable time at the GDP rms provision for three or 472 hours, but the reasonable time as prophets alluded to, is is basically just been given is a word but there's no specific.

837

02:24:42.510 --> 02:24:50.430

Adv Weapond (Full Time Member: Point of time say two or three or four days so that's currently the position in our law think you brought over to you.

838

02:24:51.630 --> 02:24:52.470

Prof Snail ka Mtuze: Thank you and.

839

02:24:52.800 --> 02:25:02.190

Prof Snail ka Mtuze: That wraps up our q&a session, I just want to thank our distinguished panel, starting with advocate la templates and.

840

02:25:03.150 --> 02:25:14.970

Prof Snail ka Mtuze: Miss allison tilly advocate weapons, as well as Miss slow and Mr nemesis he, as well as the professionalism of this.

841

02:25:15.870 --> 02:25:29.070

Prof Snail ka Mtuze: Sunday in organizing this event, and because of shortness of time and to give back over to Sunday and then I don't know if someone else will give a lot of thanks, thank you sonny.

842

02:25:31.410 --> 02:25:38.550

Nomzamo Zondi: Thank you, thank you for the wonderful job that you've done and after i've made the announcement i'll get back to the church to just close.

843

02:25:38.910 --> 02:25:45.780

Nomzamo Zondi: The session, thank you very much, I just want to share that to the questions that we may have not been able to answer.

844

02:25:46.110 --> 02:25:55.350

Nomzamo Zondi: On the webinar we will create a product that has question and answers from this webinar and we'll share it through our stakeholder database as pre registrations.

845

02:25:55.710 --> 02:26:09.600

Nomzamo Zondi: By will also share snippets of off the Q and a's on all social media, but will also make some of the answers to the questions posed that may have not been able to cover on our website as well attached.

846

02:26:09.960 --> 02:26:23.340

Nomzamo Zondi: To the recording of today's session, so thank you very much, we will definitely ensure that we we respond to as much question as we can, but thank you probably covered most of them from even our Facebook channel.

847

02:26:23.640 --> 02:26:34.440

Nomzamo Zondi: And I would just like to also thank the panel Members who have been responding on the chat group as well in assisted crazy, so thank you so much chair i'll hand back to you, thank you.

848

02:26:35.490 --> 02:26:47.100

Pansy Tlakula: yeah Thank you very much, and thanks, let me also add my voice to thank you or my colleagues for the wonderful job that you have done and think the present has also the presenters.

849

02:26:48.570 --> 02:26:56.430

Pansy Tlakula: advocates a West point and Miss tilly Professor snail for the how you handled the King eight and my.

850

02:26:57.000 --> 02:27:03.570

Pansy Tlakula: Colleagues, the executives Michelin, Mr and Ms CC and all the participants, this is a journey, as I have said.

851

02:27:04.140 --> 02:27:11.670

Pansy Tlakula: And it's going to be bumpy but we're going to be holding each other hands as we embark on this journey.

852

02:27:12.180 --> 02:27:25.320

Pansy Tlakula: This puppy I want to assure everybody that this Act does not prevent people from continuing with their business, please continue with your business your obligations, as you have always done.

853

02:27:25.680 --> 02:27:34.320

Pansy Tlakula: Please continue with your innovation as well, because for PR does not stifle innovation, the only thing that we have to do is to ensure that.

854

02:27:34.650 --> 02:27:52.050

Pansy Tlakula: When we process personal information we do it in accordance with the act if we can do that, please, we should not collect personal information, thank you very much and goodbye to everyone, and thanks for joining the webinar ends here, thank you.
